STEVE IVY NUMISMATIC AUCTIONS INC.

Dear Customer and Friend:

Welcome to our public auction of the estate of C.T. Briggs and other numismatic properties. The collection of Mr. Briggs was formed over a relatively short time as most of the coins were purchased between 1950 and 1965. As a collector of both U.S. and foreign material, Mr. Briggs' interests were well rounded. Motivated by a never ending quest for quality, he carefully scrutinized each addition to his collection. It is with great pleasure that we present the major portion of his estate together with several other significant consignments.*

Whether you attend this auction as a floor bidder or participate as a mail bidder, your efforts will be handsomely rewarded if your bids are successful. The staff of Steve Ivy Numismatic Auctions cordially extends you an invitation to attend as an active floor bidder. It is an exciting experience that awaits the first time participant in a great sale such as this.

If you are unable to attend in person, mail bidding is a convenient means of participation which is, in fact, utilized by the majority of our clients. As always, our staff is ready to assist you in whatever way we may.
Good luck in your bidding!

Sincerely,

Bob Merrill
Auction Director

*Included within the Silver Dollars is an especially important consignment from noted dollar specialist Martin Field. Mr. Field's study and research in VAM dollars is recognized throughout numismatics.

Terms Of Sale

1. The highest bidder acknowledged by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer's determination shall be final. The auctioneer may at his discretion immediately put the lot up for sale again.

2. All bids are to be per lot as numbered in this catalog and no lots will be broken. Bids accepted in whole dollar amounts only.

3. All sales are strictly for cash in U. S. funds (no credit cards accepted) and are due and payable immediately upon receipt of the auction invoice and/or the coins. Lots delivered on the floor are subject to all applicable state and local tax, unless appropriate permits are on file with us. Shipping, handling, and insurance charges will be added to invoices for lots delivered by mail. Overseas buyers must furnish their own insurance during shipment.

4. New bidders who have not previously established credit must furnish satisfactory references well in advance of the sale date, or send a deposit of 25% of their bids, applicable to purchases. Any portion of such deposit not used will be promptly refunded after sale. We reserve the right to require payment in full before delivery of the merchandise. Title remains with Steve Ivy Numismatic Auctions, Inc. until all invoices are paid in full.

5. Steve Ivy Numismatic Auctions, Inc. and/or the auctioneer reserves the right to refuse to honor any bid which, in their opinion, is not submitted in good faith, or, as the case dictates, is not supported by satisfactory credit references.

6. No buy or unlimited bids accepted. Mail bidders will be awarded lots at a 5—10% advance over the second highest bid. (See explanation of Bidding in an Unreserved Auction). No commission is charged for executing mail bids.

7. We cannot be responsible for your errors in bidding, so check your bid sheet carefully. When identical mail bids are submitted, preference is given to the first received.

8. Estimates will be given upon written request. Estimates regarding the value of the Auction Catalogs and Reference Works represent the cataloger's professional opinion as to the value of the lot. It is recommended that bidders approach or exceed the estimates in determining successful bids.

9. Minor's bids will not be accepted.

10. All coins are guaranteed genuine. No lots may be returned without written approval. In the unlikely event of returning a lot, we must receive notification of bidder's intent within three (3) days of his receipt of lot. No lots may be returned for any reason whatsoever (except for reason of authenticity) after 30 days from sale date. Lots returned must be housed intact in the orginal holder. No lots purchased by floor bidders may be returned (including those bidders acting as agents for others). Late remittance for purchases may be considered just cause to revoke all return privileges.

Bidding In Unreserved Auction

In an unreserved auction, there are no hold or reserve bids on any lots. Each lot is sold to the highest bidder.

In bidding by mail, it is possible to purchase a coin at a price less than your maximum bid The following is an explanation of the mail bid procedures followed by this company:

Bids are recorded as they are received. At the close of mail bidding, the highest and second highest bids are transferred to the bid book.

On the floor of the auction, bidding is opened at 5 to 10% above the second highest mail bid This bid is submitted by our company acting on behalf of the highest mail bidder. If the auctioneer recognizes no other bids from the floor, the highest mail bidder is awarded the lot at the opening bid If bidding proceeds from the floor, the company, acting as the mail bidder's agent, registers bids in 5 to 10% increments over the previous bid. This process is continued until the mail bidder is awarded the lot, or the next bid is higher than the mail bidder's maximum bid.

An example of this procedure is set forth under these conditions:

On lot 25, highest mail bidder submits a bid of $100, second highest mail bid is at $50. In this case, bidding on the floor starts at $55, and is bid by our company on behalf of the highest mail bidder. If no other bids are submitted by the floor, the highest mail bidder, who bid $100, has purchased the lot for $55 If other bids come from the floor, we bid for the highest mail bidder in 5—10% increments, as set by the auctioneer, until we reach the mail bidder's maximum bid of $100. Since bidding has passed the mail bidder's maximum, we take no other action, and the bidding continues on the floor until the final purchaser has been recognized by the auctioneer.

Using this procedure, the mail bidder retains many of the advantages of the floor bidder.

As outlined above, it is clear to see that coins can be purchased at a price less than the maximum mail bid. This method of bidding for mail bidders is followed in this and all of our auctions.

Quantitative Grading

The quantitative grading system is utilized in describing and grading all coins in this catalog. The quantitative grade will be used in conjunction with the traditional letter grade in order to best describe the condition of the coin.

On occasion, we will use a plus(+) to designate that a given coin is somewhat better than the quantitative listed grade, but not nice enough to qualify for the next highest number. An example would be a 45+ grade which would be the equivalent to EF/AU.

Poor	=	1	Extra Fine	=	40 and 45
Fair	=	2	Almost Uncirculated	=	50
About Good	=	3	Ch AU	=	55
Good	=	4 and 6	Uncirculated	=	60, 65, and 70
Very Good	=	8 and 10	Proof	=	60, 65, and 70
Fine	=	12 and 15			
Very Fine	=	20, 25, 30, 35			

How to use CompuBid

The newest advancement in mail bidding techniques

WHAT
CompuBid is a new method of mail bidding developed exclusively by Steve Ivy Numismatic Auctions for their mail bidders. CompuBid allows you, the mail bidder, almost all of the advantages usually held by the floor bidder. Now, as a CompuBid mail bidder, you can bid on as many lots as you desire, yet limit your purchases to your budgeted amount. It is just as if you were attending the auction in person.

WHY
CompuBid was created as an alternative to our conventional mail bidding system, which we still offer. CompuBid was developed to solve these typical problems facing the mail bidder (a) you can bid on exactly what you want to buy although you would probably purchase less than you wanted, (b) in an effort to spend what you want, you can bid on more than you have budgeted but run the risk of over-purchase, (c) you can attend the auction in person and stop bidding when you reach your limit. With CompuBid, you can bid on the coins you desire, but limit your purchases to your maximum amount.

HOW
CompuBid is very simple to use. Just fill our your bid sheet in the usual manner except you list your buying limit (because of the increased accounting necessary, the minimum buying limit is $200.00).

Here's how to fill out one of our bid sheets:
1. Name, Address, City, State, Zip and Telephone Number.
Your address is needed to mail your successful purchases. Your telephone number is needed so that we may instantly communicate any problems or changes that may affect your bids.
2. References
If you have not established credit with us from previous auctions, you must sent a 25% deposit, or list coin dealers with whom you have credit established.
3. Lot Numbers and Bids
List all the lots you desire to purchase under the column headed "Lots". The reverse side of your bid sheet has additional columns, and you may also use a separate sheet. Under the heading "Amounts", enter the maximum amount you would be willing to pay for that lot (whole dollar amounts only). We will purchase the coin for you as much below your bid as possible.
4. Total Bid Sheet
Add up all of the bids and list that total in the appropriate box.
5. Indicate Your Limit
After you have totaled your bid sheet, determine how much you can budget to spend. Check the box for CompuBid, and list your spending limit.
6. Sign Your Bid Sheet
Your bid sheet is now complete and needs only your signature. By signing the bid sheet, you have agreed to abide by the Terms of Sale listed in the auction catalog.

The color plate for Half Cents-Lincoln Cents is located on page 6

Indian Head Cents (cont'd)

25 1862 GEM PROOF (65+) Superb! Surely one of the finest copper nickel coins extant today. It is temptingly close to 70. The mellow russet toning, combined with the intensity of the proof surfaces, creates a numismatist's ideal. Considering the surge in popularity of high quality proof type coins, we would not be surprised to see this coin bring close to a four figure bid. (see color photo)

26 1863 GEM BRILLIANT UNCIRCULATED (65) Sharply struck. Light toning. (see color photo)

27 1864 Copper-Nickel ALMOST UNCIRCULATED (50)

28 1864 Copper-Nickel PROOF (60) Not in full proof brilliance.

29 1864 "L" on Ribbon CHOICE BRILLIANT UNCIRCULATED (60+) A planchet defect covers several denticles at seven o'clock on the reverse. Nice mint red.

39 1872 GEM BRILLIANT UNCIRCULATED (65) Full mint luster with an alluring pinkish hue. Fully struck. Quite underrated in this condition; often the last coin needed to complete a Gem BU collection. This specimen totally lacks any bothersome spots or injuries. A future rarity. (see color photo)

46 1876 GEM BRILLIANT UNCIRCULATED (65) Lovely peripheral toning surrounds mellowed golden centers. An unusual quality for a copper coin. (see color photo)

47 1877 GOOD (6)

48 1877 CHOICE RED AND BROWN UNCIRCULATED (60+) Mellowed mint red. A small nick on the Indian princess' chin away from the gem category. (see color photo)

49 1878 CHOICE BROWN UNCIRCULATED (60+) Sharp. Mottled toning.

50 1878 GEM PROOF (65) Alluring russet and lilac toning. Nearly superb. (see color photo)

TWO CENT PIECES

79 1864 Small Motto GEM BRILLIANT UNCIRCULATED (65) Full mint red enhanced by a hint of violet toning. The surfaces are spotless and pleasing. Wholesale records of similar quality coins have been seen in the upper three figure range. This essentially superb specimen should create considerable bidding interest. (see color photo)

80 1864 GEM RED AND BROWN UNCIRCULATED (65) Attractive and perfect for type.

81 1864 GEM BRILLIANT UNCIRCULATED (65+) Superb! Not just well struck, but fully so — the center spine of each leaf is complete, and the shield lines are all sharp and clearly separate. The beautiful, original mint red remains in its entirety. A gorgeous type coin qualified to rest in a connoiseur's cabinet. (see color photo)

90 1851 GEM BRILLIANT UNCIRCULATED (65) Apropos for an outstanding type set. (see color photo)

91 1851 GEM BRILLIANT UNCIRCULATED (65) A nice type coin with no objectionable qualities. Not toned, yet never dipped or cleaned.

92 1851 GEM BRILLIANT UNCIRCULATED (65) Steel gray toning on incredibly lustrous surfaces. Well struck.

93 1851-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully brilliant and well struck. To our knowledge, the last comparable piece offered was our C.W. Henderson (January, 1978) specimen, which brought $975.00. This frosty little jewel may well exceed the four figure barrier. (see color photo)

94 1852 EXTREMELY FINE (45) Cleaned.

95 1852 GEM BRILLIANT UNCIRCULATED (65) Sharp and lustrous. An excellent type coin. (see color photo)

96 1853 GEM BRILLIANT UNCIRCULATED (65+) Superb! As much luster as possible is compacted onto the surfaces of this fantastic type coin. Its mint frost and immediately apparent brilliance are unmatchable. For the connoiseur. (see color photo)

97 1858 GEM BRILLIANT UNCIRCULATED (65) Exceptionally well struck for this type, with each ridge line of the star points in evidence. Lovely toning of aqua, maroon and golden hues cover the virtually flawless surfaces. This is the nicest of the scarce Type Two we've offered since April of last year, when our superb R.A. Donovan specimen brought $1,100.00. (see color photo)

98 1860 GEM BRILLIANT UNCIRCULATED (65) in full brilliance. (see color photo)

99 1861 GEM PROOF (65+) Superb! Enchanting toning. Original and attractive. (see color photo)

100 1862 CHOICE BRILLIANT UNCIRCULATED (60+) A virtual gem, with multicolored toning.

101 1866 PROOF (60) Brilliant. Light hairlines. Slightly bent.

103 1869 GEM PROOF (65) Attractive and pleasing. (see color photo)

104 1870 GEM BRILLIANT UNCIRCULATED (65) Frosty. Scarce date, but also suitable as a type coin. (see color photo)

105 1873 CHOICE ALMOST UNCIRCULATED (55+)

106 1873 CHOICE BRILLIANT UNCIRCULATED (60+) Scarce and always in demand.

107 1873 CHOICE PROOF (60+) (see color photo)

108 1874 BRILLIANT UNCIRCULATED (60)

109 1874 GEM PROOF (65) Steel gray. Partial wire rim. A very attractive example. (see color photo)

110 1875 GEM BRILLIANT UNCIRCULATED (65) Full numeral lines. Light golden toning. A nearly superb example of this very scarce date. (see color photo)

111 1875 GEM PROOF (65)

112 1878 GEM PROOF (65) Essentially superb, as there are no negative qualities mentionable. Pleasing and popular. (see color photo)

113 1879 CHOICE PROOF (60+) Just a bit too hazy to be called gem.

114 1880 GEM BRILLIANT UNCIRCULATED (65+) Superb! Virtually flawless. (see color photo)

115 1880 GEM BRILLIANT UNCIRCULATED (65+) Superb! Conspicuously well struck — the shallow curls above Liberty's forehead are seldom as evident. Lightly toned. (see color photo)

116 1880 GEM PROOF (65) Frosty obverse portrait. Quite nice.

117 1880 GEM PROOF (65+) Superb! Delectable toning, a rare quality indeed for a nickel product. Void of hairlines. An elegant coin that would enhance any collection. (see color photo)

118 1881 GEM BRILLIANT UNCIRCULATED (65) An excellent example.

119 1883 GEM PROOF (65) Scarce. (see color photo)

120 1884 GEM PROOF (65) The first of two excellent examples. (see color photo)

121 1884 GEM PROOF (65) A glittering, essentially superb specimen. Low total mintage. (see color photo)

122 1886 PROOF (60) Light friction. Golden toning. (see color photo)

123 1887/6 GEM PROOF (65+) Superb! Light gray toning upon impeccable surfaces. An outstanding representative of this perenially popular overdate. (see color photo)

124 1888 GEM PROOF (65+) Superb! Pleasing in every way. Admissible to the finest cabinet. (see color photo)

EARLY HALF DIMES

125 1795 CHOICE BRILLIANT UNCIRCULATED (60+) A fully lustrous, frosty example. Outstanding condition for this rare, yet not prohibitively so, early type coin. Well struck, with more hair detail than usually seen, though the eagle typically lacks breast feathers. Well centered with no adjustment marks. Faint clash marks (portions of the design of one side of a coin struck on the opposite side — caused when the dies "clashed' together due to the absence of a blank planchet between them during the striking process. The collision resulted in an impression of some obverse die details on the reverse die, and vice versa. Of course, the subsequent planchets were imparted these details. They do not affect the grade of the coin.) An important occasion for serious collectors. (see color photo)

126 1800 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Sharp hair detail. This coin lacks any of the problems normally associated with early American silver type. It would make a handsome addition to any collection. Sure to attract earnest attention. (see color photo)

SEATED HALF DIMES

127 1838 No Drapery CHOICE ALMOST UNCIRCULATED (55) Close to mint state, but finely hairlined.

128 1841 GEM BRILLIANT UNCIRCULATED (65) Well struck, with light golden toning. An increasingly difficult type coin to locate in this quality. (see color photo)

129 1850 CHOICE ALMOST UNCIRCULATED (50+)

130 1851 GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully struck. Booming mint luster emanating from excellent surfaces. The obverse bears light golden toning. The reverse does also, plus a patch of deep aqua. Alluring, and comparable to the quality of our Kerr specimen (February, 1979) that brought $1,300.00. (see color photo)

131 1852 GEM BRILLIANT UNCIRCULATED (65) Phenomenally well struck, with every hair curl and every star center in full evidence. Highly lustrous, with light golden toning. Essentially superb. (see color photo)

132 1857-O GEM BRILLIANT UNCIRCULATED (65) Sharply struck. Slightly better date, but nonetheless apropos for an outstanding type set. (see color photo)

133 1861 BRILLIANT UNCIRCULATED (60) Scant hairlines.

134 1862 GEM BRILLIANT UNCIRCULATED (65) Sharply struck from clashed dies. Semi-prooflike. (see color photo)

135 1862 PROOF (55) A few edge nicks.

136 1864 GEM PROOF (65) Scarce in all grades. This example is in full brilliance. (see color photo)

137 1872-S Mintmark below bow GEM BRILLIANT UNCIRCULATED (65) Sharp and lustrous. A beautiful type coin. (see color photo)

138 1872-S Mintmark above bow GEM BRILLIANT UNCIRCULATED (65+) Superb! Refreshingly mark-free. (see color photo)

SHIELD NICKELS

139 1866 With Rays EXTREMELY FINE (45) Well struck. Brownish toning.

140 1866 With Rays ALMOST UNCIRCULATED (50) well struck, with more detail than most mint state examples.

141 1866 With Rays GEM BRILLIANT UNCIRCULATED (65) Flawless surfaces — no spots, nicks, scrapes, etc. Much above average strike, with full shield lines. A premier type coin that is worthy of a generous bid. (see color photo)

142 1872 GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully struck; highly lustrous. (see color photo)

143 1873 GEM BRILLIANT UNCIRCULATED (65) well struck. (see color photo)

144 1873 PROOF (60) Hairlined.

145 1875 GEM BRILLIANT UNCIRCULATED (65+) Superb! One hundred percent fully struck up. Each star center and every shield line is complete. The surfaces are immaculate. Surely one of the finest available of this scarce issue. (see color photo)

146 1876 PROOF (60) A couple of small digs on each side.

147 1876 PROOF (60) A bit dull.

148 1878 GEM PROOF (65+) superb! Nudges perfection. (see color photo)

149 1880 GEM PROOF (65) After the 1877 and 1878, this is the lowest mintage Shield Nickel. This pristine specimen is a prime candidate for a carefully assembled investment portfolio. (see color photo)

150 1881 GEM BRILLIANT UNCIRCULATED (65+) Superb! Frosty luster — no prooflike surfaces. Fully struck. Recent sales of similar quality coins of this date indicate that this lot has near four-figure potential. (see color photo)

151 1881 GEM PROOF (65) Sans hairlines. (see color photo)

152 1883 GEM BRILLIANT UNCIRCULATED (65) Suitable for a gem type collection. (see color photo)

153 1883 GEM BRILLIANT UNCIRCULATED (65) Another excellent type coin. Fully struck.

154 1883 GEM PROOF (65) Delicate, frosted devices. Quite attractive. (see color photo)

LIBERTY NICKELS

155 1883 No Cents CHOICE BRILLIANT UNCIRCULATED (60+)

156 1883 No Cents GEM PROOF (65) This one-year type coin is quite elusive in gem proof condition. (see color photo)

157 1883 With Cents CHOICE ALMOST UNCIRCULATED (55)

158 1883 With Cents GEM BRILLIANT UNCIRCULATED (65) Boldly struck. Full stars. Unimpaired surfaces. (sec color photo)

159 1883 With Cents GEM BRILLIANT UNCIRCULATED (65+) Superb! Ultra-lustrous. (see color photo)

160 1885 GEM PROOF (65+) Superb! If the first two stars were as sharply struck as the rest of the coin, we would have called this beautiful piece Proof (70). Since Liberty Nickels are such a popular series, many quality-conscious collectors and astute investors will be interested in this lot. A showpiece in itself, or an exciting way to complete a collection. (see color photo)

161 1886 GEM PROOF (65+) Superb! A fitting companion to the previous lot. Light toning upon impeccable surfaces. (see color photo)

162 1887 GEM BRILLIANT UNCIRCULATED (65+) Superb! Well struck and highly lustrous.

163 1887 GEM BRILLIANT UNCIRCULATED (65+) Superb! A second outstanding example. (see color photo)

164 1896 EXTREMELY FINE/ALMOST UNCIRCULATED (45+)

165 1897 GEM BRILLIANT UNCIRCULATED (65+) Superb! Full stars and corn. (see color photo)

166 1897 CHOICE PROOF (60+) A lovely cameo example. (see color photo)

167 1902 GEM BRILLIANT UNCIRCULATED (65) A pristine example.

168 1904 GEM BRILLIANT UNCIRCULATED (65+) Superb! Lovely greenish golden toning. For a premier type set. (see color photo)

169 1905 GEM PROOF (65) A hint of lavender toning on the eyecatching obverse; some mottled toning on the reverse. (see color photo)

170 1906 BRILLIANT UNCIRCULATED (60)

171 1908 CHOICE PROOF (60+)

172 1912 GEM BRILLIANT UNCIRCULATED (65) Fully struck — an unusual quality for this date. Lustrous and pleasing. (see color photo)

173 1912-D CHOICE BRILLIANT UNCIRCULATED (60+) A virtual gem, with full stars and excellent surfaces. (see color photo)

174 1912-S VERY GOOD/FINE (10+) One very minor edge dent at seven o'clock on the obverse.

175 1912-S GEM BRILLIANT UNCIRCULATED (65+) Superb! One of the most desirable specimens of this scarce branch mint issue that has been available for many months. Boldly struck, with full stars and even full corn on the reverse wreath. Partial wire rim. The surfaces are unimprovable. A coin that may be of irreplaceable quality. (see color photo)

BUFFALO NICKELS

176 1913 Type I CHOICE BRILLIANT UNCIRCULATED (60+)

177 1913 Type 1 GEM BRILLIANT UNCIRCULATED (65) Nice peripheral toning. (see color photo)

178 1913-D Type I CHOICE ALMOST UNCIRCULATED (55)

The color plate for Shield Nickels-Barber Dimes is located on page 11

Buffalo Nickels (cont'd)

179 1913-S Type 1 CHOICE ALMOST UNCIRCULATED (55) Bright.

180 1913-S Type 1 BRILLIANT UNCIRCULATED (60) Curious cuts (file marks?) on the edge at two and five o'clock.

181 1913-S Type 1 GEM BRILLIANT UNCIRCULATED (65) Sharply struck.

182 1913-D Type 2 GEM BRILLIANT UNCIRCULATED (65) Somewhat soft on the buffalo's head.

183 1913-D Type 2 GEM BRILLIANT UNCIRCULATED (65) Fully struck. (see color photo)

184 1913-S Type 2 GEM BRILLIANT UNCIRCULATED (65) Sharp and lustrous. Interesting die break below the date. (see color photo)

185 1914 GEM PROOF (65) An outstanding example.

186 1914-S GEM BRILLIANT UNCIRCULATED (65) Fully struck. Long dormant, the Buffalo Nickel series is now enjoying a surge in popularity. While presently not too difficult to find in gem condition, this date will no doubt eventually prove to be a challenge. (see color photo)

187 1915 CHOICE BRILLIANT UNCIRCULATED (60+)

188 1915-D GEM BRILLIANT UNCIRCULATED (65+) Superb! Any mintmarked Buffalo in the teens is a tough act to book. This rather stunning specimen looks as nice as any superb common date in the 30's! Exquisite quality. (see color photo)

189 1916-D CHOICE BRILLIANT UNCIRCULATED (60+) Softly struck, but highly lustrous and attractively toned.

190 1916-D CHOICE BRILLIANT UNCIRCULATED (60+) A virtual gem, with lovely golden toning. (see color photo)

191 1916-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Atypically sharply struck. Natural golden toning enhances the gleaming, flawless surfaces. A scarce and underrated coin whose needle-sharp strike warrants reiteration. (see color photo)

192 1917 GEM BRILLIANT UNCIRCULATED (65) Beautiful golden toning.

193 1917-D GEM BRILLIANT UNCIRCULATED (65) Another outstanding Buffalo! Well struck; superior luster and surfaces. (see color photo)

194 1917-S GEM BRILLIANT UNCIRCULATED (65) Incredibly well struck — precious few of this issue were ever manufactured with full hair detail on the Buffalo's head, and fewer still survive today in gem condition. Strike means a great deal to the modern, knowledgeable collector. The experienced Buffalo hunter knows what a true numismatic trophy he has acquired when he finally bags a sharp 1917-S! (see color photo)

195 1918 GEM BRILLIANT UNCIRCULATED (65) Excellent surfaces; nicely toned.

196 1918 GEM BRILLIANT UNCIRCULATED (65) Razor sharp, with gem golden toning. (see color photo)

197 1919-D GEM BRILLIANT UNCIRCULATED (65) Fully lustrous; well struck for the date. Workmanship was not what you would call outstanding at the Denver Mint in 1919. Any coin bearing this date and mintmark is scarce to rare in gem, well struck condition. This exceptional specimen is nearly as nice as our superb Stanford Sale (July, 1977) specimen at $1,050.00, and at least equals the R.A. Donovan (April, 1978) gem at $975.00. Obviously, a bid near or in four figures is in order. (see color photo)

198 1919-S GEM BRILLIANT UNCIRCULATED (65) Well struck! Full hair detail on the Buffalo's head. Immaculate, somewhat semi-prooflike surfaces. One of the rarest and most underrated members of the series. This small but outstanding offering of Buffalos is certain not to be overlooked by either the avid collector or by the wise investor. (see color photo)

199 1924-D GEM BRILLIANT UNCIRCULATED (65) Above average strike (we've seen only one true full strike). Splendid, warm golden centers gradually change to radiant violet about the peripheries. This unusually pretty nickel was probably housed for decades in an old National coin board, which caused the toning. Virtually superb; worthy of a carefully calculated bid. (see color photo)

200 1925 GEM BRILLIANT UNCIRCULATED (65+) Superb! Do not be deceived by values — this coin is not easy to find in this condition. This is a well struck, beautiful example.

201 1925-S CHOICE ALMOST UNCIRCULATED (55) Lustrous.

202 1928-D GEM BRILLIANT UNCIRCULATED (65) Full strike.

203 1929-S GEM BRILLIANT UNCIRCULATED (65) Fully struck; practically superb.

204 1930 BRILLIANT UNCIRCULATED (60)

205 1930 GEM BRILLIANT UNCIRCULATED (65)

206 1936 GEM PROOF (65) Formerly in our Trinity Sale (April, 1977). Lightly toned and very attractive. (see color photo)

207 1937-D Three Legged EXTREMELY FINE/ALMOST UNCIRCULATED (45+)

208 1938-D/S GEM BRILLIANT UNCIRCULATED (65)

EARLY DIMES

209 1796 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) A pleasing, problem free example of this classic type coin. Sharp, nearly complete hair detail and a well struck up eagle. Perfectly centered, with no adjustment marks. Certain to gratify the new owner. (see color photo)

210 1807 CHOICE BRILLIANT UNCIRCULATED (60+) Fully lustrous; excellent surfaces. Typical sharpness in the centers, with weaker peripheries. However, this attractive example is better than most others seen; at least it has complete legends. There are no mentionable detractions of non-mint origin, but a hairline scratch from Liberty's nose to the eleventh star can be noted for sake of future identification. An exciting opportunity for the advanced type collector. (see color photo)

The color plate for Shield Nickels-Barber Dimes is located on page 11

BUST DIMES

211 1831 GEM BRILLIANT UNCIRCULATED (65+) Superb! Far and away the finest Bust Dime we have ever seen, and unquestionably one of the most beautiful early type coins to be offered at numismatic auction in this decade. The blazing white devices are surrounded first by flawless, semi-prooflike fields, then by intense rings of gold and aqua toning. The strike is perfect; even Liberty's eyebrow is raised and sharp. Perfectly centered, with wide rims. Every quality about this coin — the strike, symmetry, toning, surface, luster, etc., is virtually unimprovable. To have so many attributes combined into a tenth of an ounce of silver that is nearly 150 years old is indeed a rare occurence. Whatever price this noble coin brings will be justified by its conspicious quality. (see color photo)

212 1832 ALMOST UNCIRCULATED (50) Sharp.

LIBERTY SEATED DIMES

213 1840 No Drapery GEM BRILLIANT UNCIRCULATED (65) Sharply struck and beautifully toned. A splendid type coin. (see color photo)

214 1841-O Small O EXTREMELY FINE (45)

215 1850 GEM BRILLIANT UNCIRCULATED (65) A frosty gem with rich, nearly flawless surfaces. So sharp that a full wire rim protrudes above the obverse rim. No details are left indistinct by inadequate striking pressure. A very tough type coin to locate in this grade; certain to make the new owner proud. (see color photo)

216 1857 GEM BRILLIANT UNCIRCULATED (65) Satin surfaces. Lovely toning. (see color photo)

217 1860 GEM BRILLIANT UNCIRCULATED (65) First year of type. (see color photo)

218 1862-S VERY FINE (20) Low mintage.

219 1865-S VERY FINE (30) Another scarce date.

220 1866 GEM BRILLIANT UNCIRCULATED (65) Extremely rare as a non-proof. Fully struck, with a wholly frosty reverse. Well worth a four figure bid. (see color photo)

221 1870 CHOICE BRILLIANT UNCIRCULATED (60+) Uncommon date. (see color photo)

222 1876-CC BRILLIANT UNCIRCULATED (60) Struck from rusty dies. Strictly mint state.

223 1877-CC CHOICE ALMOST UNCIRCULATED (55)

MERCURY DIMES

249 1916 GEM BRILLIANT UNCIRCULATED (65) Full split bands. Deep golden toning.

250 1916 GEM BRILLIANT UNCIRCULATED (65+) Superb! Full split bands. In complete brilliance.

251 1916-D GEM BRILLIANT UNCIRCULATED (65) Full split bands and sharp diagonal bands on the fasces. Nice mint luster. Never cleaned or dipped. The finest to come on the market, to our knowledge, since the perfect R.A. Donovan (Part II) specimen brought $11,000.00 last July. (see color photo)

252 1916-S GEM BRILLIANT UNCIRCULATED (65) Partial bands. Attractively toned with a light gold hue. (see color photo)

253 1917 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

254 1917-D CHOICE BRILLIANT UNCIRCULATED (60+)

255 1917-S GEM BRILLIANT UNCIRCULATED (65) Well struck for the date, with partially separated bands.

256 1917-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Sensational, intense golden toning. Not full bands, but nonetheless a beautiful and desirable Mercury. (see color photo)

257 1919-D GEM BRILLIANT UNCIRCULATED (65) Full split bands; one of the most challenging dates in the series as such. We have been asked recently by more than one collector how such a tiny bit of detail, such as the separation between two central bands on the reverse of a Mercury Dime, can make a huge difference in the coin's value. Their skepticism is understandable, and if, indeed, that little bit of detail were the *only* factor causing the difference in price, then we would think the phenomenon to be unjustified. However, a full split banded coin will almost invariably be a superior coin in *overall* detail to a coin without that separation. The "split band craze" is merely a logical extension of the quest for high quality numismatic material, which is epitomized by the coin currently offered. (see color photo)

258 1920 CHOICE BRILLIANT UNCIRCULATED (60+) Full split bands.

259 1920 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

260 1924-D GEM BRILLIANT UNCIRCULATED (65) Full split bands. Bold, raised diagonals as well. Light golden toning. A sharper example may be impossible to locate. (see color photo)

261 1924-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Full split bands. Incredibly tough to locate this nice. Underrated, and will no doubt one day be more expensive than some coins currently bearing a higher price tag. (see color photo)

262 1925 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

263 1925-D GEM BRILLIANT UNCIRCULATED (65) Full split bands. Bold separation; full diagonals. A virtually superb example that should approach four figures. (see color photo)

264 1925-S CHOICE BRILLIANT UNCIRCULATED (60+) Full split bands. One of the rarest members of the series with split bands. (see color photo)

265 1927-D GEM BRILLIANT UNCIRCULATED (65) Full split bands. Equal to our Kerr specimen which sold for $875.00 in February, 1979. ANACS certified.

266 1928 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

267 1929 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

268 1929 GEM BRILLIANT UNCIRCULATED (65) Full split bands.

279 1934-D GEM BRILLIANT UNCIRCULATED (65) Virtually full split bands.

280 1934-D GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike.

281 1935 GEM BRILLIANT UNCIRCULATED (65)

282 1935-D GEM BRILLIANT UNCIRCULATED (65) Full split bands. Scarce.

283 1936-D GEM BRILLIANT UNCIRCULATED (65) Full split bands.

284 1936-S GEM BRILLIANT UNCIRCULATED (65) Full split bands. Golden toning.

TWENTY CENT PIECES

293 1875-S EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Sharp and somewhat prooflike, but crisscrossed with tiny hairlines.

294 1875-S GEM BRILLIANT UNCIRCULATED (65) Golden toning. Above average strike. (see color photo)

295 1876 CHOICE BRILLIANT UNCIRCULATED (60+) a frosty specimen that nearly qualifies for a gem attribution. Scarce. (see color photo)

296 1878 GEM PROOF (65) A beautiful cameo. For the discriminating collector. (see color photo)

BUST QUARTERS

297 1831 ALMOST UNCIRCULATED (50) Lightly cleaned.

298 1834 CHOICE ALMOST UNCIRCULATED (55+) Mottled, attractive toning. (see color photo)

299 1835 CHOICE ALMOST UNCIRCULATED (50+) Sharp.

SEATED QUARTERS

300 1859 GEM PROOF (65) Richly toned. Virtually free of hairlines. (see color photo)

301 1866 PROOF (60) Not quite in full proof brilliance.

302 1867 PROOF (60) Artificial peripheral toning.

303 1868 PROOF (60) Only a few hairlines keep this coin out of the choice category.

304 1872 GEM PROOF (65) Heartwarming lilac toning covers nearly flawless surfaces. Essentially superb, as the price realized will surely indicate. (see color photo)

305 1875 PROOF (60) Artifically colored.

306 1877-CC GEM BRILLIANT UNCIRCULATED (65) Conservatively placed just below the superb level. Fully struck and highly lustrous. For the quality conscious collector. (see color photo)

307 1878 CHOICE PROOF (60+) Extreme cameo effect. (see color photo)

308 1878-CC GEM BRILLIANT UNCIRCULATED (65) Fully struck from perfect dies. Excellent surfaces and complete, radiant luster. An outstanding example of the last Carson City Quarter. (see color photo)

309 1889 BRILLIANT UNCIRCULATED (60) Fine hairlines. Definitely a business strike.

310 1891 CHOICE ALMOST UNCIRCULATED (50+)

311 1891 CHOICE ALMOST UNCIRCULATED (55+) Lightly cleaned.

BARBER QUARTERS

312 1893-O GEM BRILLIANT UNCIRCULATED (65) Surprisingly well struck for a New Orleans coin of this type. In full brilliance. A pristine example of this somewhat underrated issue. (see color photo)

313 1894 ALMOST UNCIRCULATED (50)

314 1899-O GEM BRILLIANT UNCIRCULATED (65) A classic "sleeper". While this date has a mintage of over two million pieces, and catalogues only slightly higher than a common date, it is by no means to be considered easy to find in gem condition. We have not offered a mint state example in over a year, and this may be the only gem we have ever handled! When an uncirculated coin can be found, it is usually weakly struck — but not so with this piece. Even the eagle's left talon is sharply detailed. (see color photo)

315 1905-O GEM BRILLIANT UNCIRCULATED (65) Virtually superb. Gently toned. Extremely well struck. Certainly one of the toughest Barber Quarters to locate in this condition. (see color photo)

316 1907 GEM BRILLIANT UNCIRCULATED (65) Perfect for type; most attractive. (see color photo)

317 1908-O CHOICE ALMOST UNCIRCULATED (55) Light scratch in the right obverse field.

318 1908-S GEM BRILLIANT UNCIRCULATED (65) Another very scarce mintmarked member of this challenging series. This example is fully brilliant and pleasing in every respect. Fully struck. (see color photo)

319 1911-S GEM BRILLIANT UNCIRCULATED (65+) Superb! One of a baker's dozen Barber Quarters that has a mintage of less than a million. Fully struck, with light golden toning. Absolutely void of detracting marks. For the finest cabinet. (see color photo)

320 1912 GEM BRILLIANT UNCIRCULATED (65) Excellent for type.

321 1913-D GEM BRILLIANT UNCIRCULATED (65) Beautiful, somewhat prooflike surfaces. Well struck. A pristine specimen worthy of a generous bid. (see color photo)

322 1914-S GEM BRILLIANT UNCIRCULATED (65) Besides the "big three' (1896-S, 1901-S, and 1913-S), this is the lowest mintage Barber Quarter. Few survivors could be better than this lustrous, fully struck gem. (see color photo)

323 1915-S GEM BRILLIANT UNCIRCULATED (65) Steel gray toning.

324 1915-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Uncharacteristically nice for this underrated date. Full strike, with delicate toning. Blazing mint luster. A premium coin in all respects. (see color photo)

325 1916 GEM BRILLIANT UNCIRCULATED (65) Apropos for a carefully assembled type collection. (see color photo)

326 1916-D GEM BRILLIANT UNCIRCULATED (65) A pristine example. (see color photo)

STANDING LIBERTY QUARTERS

327 1916 BRILLIANT UNCIRCULATED (60) Half head. Light golden toning, with nice luster. One of the most popular and highly sought Twentieth Century coins of any type. Should bring over two thousand dollars. (see color photo)

328 1917 Type I ALMOST UNCIRCULATED (50) Conservatively graded.

The color plate for Standing Liberty Quarters-Liberty Seated Halves is located on page 16

331 1917 Type 1 GEM BRILLIANT UNCIRCULATED (65) Full head. Virtually superb, with pleasant golden toning. (see color photo)

332 1917-D Type 1 GEM BRILLIANT UNCIRCULATED (65+) Superb! Full head. Scrumptious, satin-like surfaces. For the connoiseur. (see color photo)

333 1917-S Type 1 CHOICE BRILLIANT UNCIRCULATED (60+) Full head. Yellow peripheral toning.

334 1917 Type 2 GEM BRILLIANT UNCIRCULATED (65) Full head. Nearly superb. (see color photo)

335 1917-S Type 2 CHOICE ALMOST UNCIRCULATED (55+) Lustrous and attractive.

336 1918-D GEM BRILLIANT UNCIRCULATED (65) Lovely, obviously original toning. A warm and pleasing coin.

337 1918-D GEM BRILLIANT UNCIRCULATED (65+) Superb! Full head, and a rarity as such. Of the utmost importance to Standing Liberty Quarter specialists. The even golden toning and immaculate surfaces complete a beautiful numismatic scenario. (see color photo)

338 1918-S CHOICE BRILLIANT UNCIRCULATED (60+) Full head. Scarce. (see color photo)

339 1918-S GEM BRILLIANT UNCIRCULATED (65) Beautifully toned. Decidedly attractive. (see color photo)

340 1919 CHOICE ALMOST UNCIRCULATED (55) Dipped.

341 1921 GEM BRILLIANT UNCIRCULATED (65) Virtually full head. Abundant mint frost. Bold date, shield and eagle detail.

342 1921 GEM BRILLIANT UNCIRCULATED (65) Full head. Complete brilliance. A highly respected member of this short lived series. (see color photo)

343 1923 GEM BRILLIANT UNCIRCULATED (65)

344 1923-S VERY FINE (35) Strong date.

345 1924 CHOICE ALMOST UNCIRCULATED (55+) Close to mint state.

346 1924-D GEM BRILLIANT UNCIRCULATED (65) The date is weak at the top, as usual.

347 1924-D GEM BRILLIANT UNCIRCULATED (65) Full head. Bold, complete date. Not quite as nice as our exceptional Kerr specimen (refer to that catalogue for more information on the date) at $1,450.00, but we would not at all be surprised to see this outstanding coin bring a four figure price. This is one of no more than a few dozen full headed coins in existence. (see color photo)

348 1924-S GEM BRILLIANT UNCIRCULATED (65) Full head. To relate how rare this date is with a full head, please note that our last sale included a 1924-S described as "Gem BU (65). Ninety percent full head . . .," which realized a tidy $550.00. Needless to say this real McCoy has runaway potential. (see color photo)

349 1925 CHOICE ALMOST UNCIRCULATED (55)

350 1926 GEM BRILLIANT UNCIRCULATED (65) Fully lustrous. A nice type coin.

351 1927 GEM BRILLIANT UNCIRCULATED (65) Full head. Rich gold toning. (see color photo)

352 1927-D GEM BRILLIANT UNCIRCULATED (65) Uncommon.

353 1927-D GEM BRILLIANT UNCIRCULATED (65) Full head, and rare thus. (see color photo)

354 1928-D GEM BRILLIANT UNCIRCULATED (65) Virtually full head. (see color photo)

355 1929 CHOICE BRILLIANT UNCIRCULATED (60+)

356 1929 GEM BRILLIANT UNCIRCULATED (65+) Superb! Practically full head. (see color photo)

357 1929-D GEM BRILLIANT UNCIRCULATED (65) Three-quarters head, an exceptional degree of strike for this notoriously weak issue. (see color photo)

358 1929-S GEM BRILLIANT UNCIRCULATED (65) Difficult to locate.

359 1930 GEM BRILLIANT UNCIRCULATED (65) Full head. (see color photo)

360 1930-S GEM BRILLIANT UNCIRCULATED (65) Virtually full head. Lovely golden toning.

361 1930-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Full head. An opaque layer of russet toning enhances the gleaming surfaces. For the perfectionist. (see color photo)

BUST HALVES

378 1807 Bust Left VERY FINE (35) Large stars.

383 1815 VERY GOOD (8) A pleasant, evenly worn example.

384 1818 GEM BRILLIANT UNCIRCULATED (65+) Superb! Wondrous toning upon impeccable surfaces. One hundred percent fully struck up. This remarkable specimen offers a combination of qualities that seldom congregate on a single coin of this type. Reminiscent of a fantastic mini-hoard of 1818 Halves that surfaced in Ohio about five years ago. That group contained two or three coins of or near this calibre, but they have long since been put away. This exquisite coin will surely soon meet the same destiny. (see color photo)

385 1819 UNCIRCULATED (60) Pleasantly toned and suitable for a mint state type set. (see color photo)

386 1822 ALMOST UNCIRCULATED (50) O-109, R-3.

394 1832 GEM BRILLIANT UNCIRCULATED (65) Formerly Lot 700 of our R.A. Donovan Sale (April, 1978), described as: "A gorgeous coin toned in blues and golds which is enhanced by flawless surfaces. This coin will no doubt cause considerable interest among type collectors."

395 1834 EXTREMELY FINE (40)

398 1835 GEM BRILLIANT UNCIRCULATED (65+) Superb! Along with the superb 1818 offered earlier, one of the most attractive Bust Halves we've seen. Matchless in terms of surfaces, luster and color. Fully struck, with sharp stars and eagle talons. The total lack of marks or abrasions make this incredible coin a virtual MS70 and a candidate for runaway bidding. (see color photo)

REEDED EDGE HALVES

399 1836 FINE (12) Always in demand.

400 1836 VERY FINE (35) Scarce and popular.

402 1837 GEM BRILLIANT UNCIRCULATED (65+) Superb! A magnificent type coin. When proper analysis is performed, the value of a superb Reeded Edge Half such as this specimen is due for a surge upward. This example has perfect surfaces and is fully struck. Definitely for a connoiseur's cabinet. (see color photo)

403 1838 EXTREMELY FINE (45) Cleaned.

404 1839 VERY FINE (20) Tarnish streak obverse.

407 1854-O CHOICE ALMOST UNCIRCULATED (50+) Close to mint state.

408 1855-O CHOICE BRILLIANT UNCIRCULATED (60+) Gorgeous multi-colored toning. A virtual gem. (see color photo)

419 1901-O CHOICE BRILLIANT UNCIRCULATED (60+) Exceedingly lustrous; typical strike. Scarce in mint state; virtually unobtainable any nicer.

420 1902 PROOF (60) Rubbing on the high points.

623 1878 7 Tail Feathers, GEM BRILLIANT UNCIRCULATED (65+) Superb! Warm, satiny surfaces that are gently covered with a light golden tone. A splash of russet and aqua on the right obverse periphery completes this beautiful metallic canvas.

624 1878 7 Tail Feathers, GEM BRILLIANT UNCIRCULATED (65) Third reverse (round breast). Prooflike. Virtually superb, as it is fully struck and void of serious marks. Excellent mirror surfaces.

625 1878 Round Breast GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike, with some cameo tendency. Underrated in this supreme condition. This is the first of eight in this sale that were used by Wayne Miller as plate coins in his numismatic encyclopedia: *An Analysis of Morgan and Peace Dollars.* This same coin is shown on page 69 of Miller's book. A signed, notarized statement attesting to this fact accompanies the coin.

626 1878-S GEM BRILLIANT UNCIRCULATED (65) Golden obverse toning.

627 1878-S GEM BRILLIANT UNCIRCULATED (65) Prooflike obverse; semi-prooflike reverse.

628 1878-S GEM BRILLIANT UNCIRCULATED (65+) Superb! A dazzling example with mirror surfaces and flashy, reddish-gold toning.

629 1878-CC GEM BRILLIANT UNCIRCULATED (65)

630 1878-CC GEM BRILLIANT UNCIRCULATED (65)

631 1878-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike.

632 1878-CC GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. Especially lustrous.

633 1878-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Wondrous gold and green toning that is well matched and even on both sides. Full strike. One of the prettiest 1878-CC's one could ever hope to own. (see color photo)

634 1879 GEM BRILLIANT UNCIRCULATED (65) Essentially superb, with unusual, yet very attractive, obverse toning that can best be described as predominantly moss green splashed with russet and aqua.

635 1879 GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. A pleasing coin which exhibits a normal number of light contact marks. Purely reflective surfaces.

636 1879-O GEM BRILLIANT UNCIRCULATED (65) Full strike.

637 1879-O GEM BRILLIANT UNCIRCULATED (65) A truly splendid obverse. Fully struck and semi-prooflike.

638 1879-O GEM BRILLIANT UNCIRCULATED (65) Fully struck. Prooflike reverse.

639 1879-S GEM BRILLIANT UNCIRCULATED (65+) Superb! A stunning, cameo prooflike. Warm and smooth surfaces. A couple of tiny reverse edge nicks become insignificant when compared to the coin's overall appearance.

640 1879-CC BRILLIANT UNCIRCULATED (60) Fully struck and semi-prooflike. Free of serious marks, but the reflective fields are finely hairlined from light cleaning. The net effect of this foolhardy action was the impairment of a gem coin and a loss of roughly half of its value if left untouched. Still quite acceptable to a choice set. Struck from perfect dies.

641 1879-CC CHOICE BRILLIANT UNCIRCULATED (60+) Capped Dies. Well struck.

642 1879-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike, with considerable cameo tendencies. Fully struck. An issue that has become almost impossible to find in this level of quality. Sure to attract much attention and inspire active bidding. (see color photo)

643 1880 GEM BRILLIANT UNCIRCULATED (65) Peripheral toning.

644 1880 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Sharp.

645 1880-O GEM BRILLIANT UNCIRCULATED (65) Particularly lustrous. Much above average strike.

646 1880-O GEM BRILLIANT UNCIRCULATED (65) Full strike.

647 1880-O GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Fully struck. The dazzling, pure mirror fields are only rarely found on coins of this date and mint. (see color photo)

648 1880/79-O GEM BRILLIANT UNCIRCULATED (65) VAM 4, 80/79, R-4, prooflike.

649 1880-S GEM BRILLIANT UNCIRCULATED (65) Exquisite lavender toning. A solitary scrape beneath Liberty's eye is all that prevents a superb classification.

650 1880-S GEM BRILLIANT UNCIRCULATED (65+) Superb! An elite Morgan with impeccable surfaces, imposing luster and impressive toning. For the collector who desires only the finest quality available. Well worth a three figure bid.

651 1880-CC GEM BRILLIANT UNCIRCULATED (65) Alluring obverse toning.

652 1880-CC GEM BRILLIANT UNCIRCULATED (65) Deep mirror surfaces. Considerably scarcer than either the 1881-CC or 1885-CC in prooflike. (see color photo)

653 1880-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! A lovely, cameo prooflike specimen. Enhanced by light golden toning. The fragile fields are surprisingly unmarred. Creamy white devices; needle sharp strike. (see color photo)

654 1881 GEM BRILLIANT UNCIRCULATED (65) Prooflike reverse. Particularly sharp.

655 1881 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Excellent surfaces. Not fully struck up.

656 1881 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Slight cameo. Virtually fully struck.

657 1881 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Full strike. No significant detractions — a very pleasing example of this scarce "Philly" prooflike.

658 1881-O GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. Full strike. Lacks the bagmarks usually so prevalent on coins of this issue.

659 1881-O GEM BRILLIANT UNCIRCULATED (65) Warm and pleasant obverse toning of gold and lavender. Fully struck and semi-prooflike. Nearly superb!

660 1881-O GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Beautiful fields with unusually deep reflectivity. Relatively bagmark free.

661 1881-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Cameo prooflike. An 1881-S Morgan Dollar is not difficult to locate in superb condition — no doubt thousands of coins qualify for that grade. But, of those thousands, precious few are comparable to this piece. The intense contrast between fields and devices makes it easy to see why prooflikes of this type are called "cameos". The almost total lack of bagmarks, especially when one considers the vulnerability of the mirrorlike surfaces, is unbelievable. It is fully brilliant and, needless to say, one hundred percent struck up. Wayne Miller considered this piece nice enough to use it as the plate coin in his book: *An Analysis of Morgan and Peace Dollars.* A signed, notarized statement by the author accompanies. This coin will possess record potential every time it is ever sold. (see color photo)

662 1881-CC CHOICE BRILLIANT UNCIRCULATED (60+)

663 1881-CC GEM BRILLIANT UNCIRCULATED (65) Original golden toning. Very nice.

664 1881-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Sharp and frosty.

665 1882 GEM BRILLIANT UNCIRCULATED (65) Yellow-green obverse toning.

666 1882 GEM BRILLIANT UNCIRCULATED (65) Virtually superb, with intense peripheral toning surrounding the golden centers of both obverse and reverse. Fully struck.

667 1882-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

668 1882-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

669 1882-O GEM BRILLIANT UNCIRCULATED (65) Another example with reflective surfaces.

670 1882-O GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Quite bagmark free for this issue. A premium quality example that very nearly reaches the superb level.

671 1882-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Mottled, attractive obverse toning.

672 1882-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. A crescent of color extends across the right obverse field.

673 1882-CC CHOICE BRILLIANT UNCIRCULATED (60+) The reverse is gem; the obverse bears scattered, light bagmarks.

674 1882-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike. Pleasant, shimmering mirror surfaces.

675 1883 GEM BRILLIANT UNCIRCULATED (65) Warm, satiny surfaces. Colorful obverse toning.

676 1883 GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. The obverse is superb, with a nice, mark-free cheek. A few light marks on and above the eagle on the reverse prevent a higher grade. Light golden toning.

677 1883 GEM BRILLIANT UNCIRCULATED (65) Nearly superb. Unusual "half and half" obverse toning, with light lavender covering the left side and moss green adorning the right. Natural and attractive. (see color photo)

678 1883 GEM BRILLIANT UNCIRCULATED (65) Brilliant prooflike.

The color plate for Morgan Dollars is located on page 22

679 1883 GEM BRILLIANT UNCIRCULATED (65) Camco prooflike. The most boldy mirrored example of this date this cataloguer has ever viewed his own reflection in. Although a horizontal cut below the eagle's breast technically removes the coin from the superb level, it should not deter the fastidious buyer from considering this outstanding specimen. (see color photo)

680 1883-O GEM BRILLIANT UNCIRCULATED (65+) Superb! A spectacular, prooflike example. Mirror fields that lack significant marks. Golden obverse toning with two areas of violet — one traversing the coin diagonally and the other surrounding the date. The reverse is brilliant, with a band of flesh-colored toning. (see color photo)

681 1883-S CHOICE ALMOST UNCIRCULATED (55+) Prooflike.

682 1883-S GEM BRILLIANT UNCIRCULATED (65) The first of three gems.

683 1883-S GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. Fully struck.

684 1883-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. A rare and desirable Morgan, despite the presence of normal contact marks. Fully struck. Sure to attract considerable attention.

685 1883-CC GEM BRILLIANT UNCIRCULATED (65) Fully brilliant. Far less than the average number of bagmarks.

686 1883-CC GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. Essentially superb.

687 1883-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike.

688 1883-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike. Sharp and pleasing.

689 1883-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Evenly distributed pastel toning. Fully struck with few marks. A most pleasant example. (see color photo)

690 1884 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Scarce.

691 1884 GEM BRILLIANT UNCIRCULATED (65) Gold, russet and aqua obverse toning.

692 1884 GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully brilliant. An excellent coin for those who prefer no toning.

693 1884-O GEM BRILLIANT UNCIRCULATED (65+) Superb! A cameo prooflike with beauty that transfixes the viewer's attention. The pure mirror surfaces are not far from perfection. The creamy white devices are incredibly smooth and free of injury. When one considers the many hundreds of thousands of common date Silver Dollars in existence, and contemplates that only a few handsful can compare to the quality of this piece presently offered, the high-sounding price it is sure to bring seems quite justified.

694 1884-S CHOICE ALMOST UNCIRCULATED (55) Lustrous.

695 1884-CC GEM BRILLIANT UNCIRCULATED (65)

696 1884-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike.

697 1884-CC GEM BRILLIANT UNCIRCULATED (65) Camco prooflike. Excellent contrast between fields and devices.

698 1885 GEM BRILLIANT UNCIRCULATED (65) A common date of uncommon beauty.

699 1885 GEM BRILLIANT UNCIRCULATED (65) Golden toning. Nearly superb.

700 1885 GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. A highly desirable example despite a light scratch above "IN GOD WE TRUST" on the reverse. The all-important cheek of Liberty is void of noticeable marks.

701 1885 GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Fully brilliant and pleasing in all respects. No detracting blemishes whatsoever. This fully struck prize is comparable to Lot 816 of our Kerr Sale (price realized: $170.00).

702 1885-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Deep mirror surfaces.

703 1885-S GEM BRILLIANT UNCIRCULATED (65) Full strike. Attractive golden toning.

704 1885-S GEM BRILLIANT UNCIRCULATED (65) Fully struck. Quite nice.

705 1885-S GEM BRILLIANT UNCIRCULATED (65) Full strike.

706 1885-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike, with an incredible cameo reverse, whereupon the fields are one hundred percent reflective. The surfaces on no other Morgan could surpass its sheer depth and beauty. The coin is also fully struck and void of any significant marks. This is the third Wayne Miller plate coin available in this auction. As with the others, a certified statement signed by Miller is included with the lot. (see color photo)

707 1885-S GEM BRILLIANT UNCIRCULATED (65) Formerly lot number 700 in our Turner Sale (November, 1978), wherein it was described: "Wondrous obverse toning. Somewhat prooflike." It brought $210.00 at that time. (see color photo)

708 1885-CC GEM BRILLIANT UNCIRCULATED (65)

709 1885-CC GEM BRILLIANT UNCIRCULATED (65)

710 1885-CC GEM BRILLIANT UNCIRCULATED (65) Fully struck.

711 1885-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike. Golden peripheral toning. One small edge nick at twelve o'clock on the reverse.

712 1886 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Partial cameo.

713 1886-O GEM BRILLIANT UNCIRCULATED (65) Somewhat softly struck, as is the customary case for this issue, but a sensational coin otherwise. There is an absolute lack of noticeable marks, and the luster is blazing and unbroken. The serious collector searching for this date should not overlook this opportunity. (see color photo)

714 1886-S GEM BRILLIANT UNCIRCULATED (65)

The color plate for Morgan Dollars is located on page 22

715 1886-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Excellent surfaces for this issue. A milling mark on Liberty's nose detracts only slightly.

716 1886-S GEM BRILLIANT UNCIRCULATED (65) Another nice prooflike example. By no means common in this condition.

717 1887 GEM BRILLIANT UNCIRCULATED (65) Prooflike.

718 1887 GEM BRILLIANT UNCIRCULATED (65+) Superb! Brilliant prooflike. Parallel bands of gold, russet and aqua cover the upper half of the obverse.

719 1887-O GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Fully struck. An excellent example, easily superior to some that have sold for nearly three hundred dollars.

720 1887-O GEM BRILLIANT UNCIRCULATED (65+) Superb! An absolutely stupendous Morgan Dollar. There is not a single significant bagmark upon either the shimmering prooflike fields or the frosty, satin-finished devices. The coin must certainly qualify as one of the finest known of this date. It is also one of the highest quality Morgans that Steve Ivy Numismatic Auctions has ever had the pleasure of offering. It offers universal appeal — it would upgrade any collection's present 1887-O (unless you consider the two or three known branch mint proofs), or it would make an outstanding type coin. Whatever its destiny, this stunning example will create much excitement and elicit profound respect when it returns to the numismatic marketplace. (see color photo)

721 1887-S GEM BRILLIANT UNCIRCULATED (65) Light scrape on reverse.

722 1887-S GEM BRILLIANT UNCIRCULATED (65) Two marks on Liberty's chin.

723 1887-S GEM BRILLIANT UNCIRCULATED (65) Fully struck.

724 1887-S GEM BRILLIANT UNCIRCULATED (65) Deep mirror reverse surfaces. Less bagmarked than the vast majority of this date.

725 1887-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Indescribably beautiful toning covering shimmering, prooflike surfaces. Razor sharp details, including every breast feather tip and every hair curl. The ratio of superb specimens extant to the total number of mint state coins surviving today is very low for this date. The typical specimen is heavily bagmarked — not so with this exceptional example. (see color photo)

726 1888 GEM BRILLIANT UNCIRCULATED (65) Brilliant prooflike. A virtually superb, fully struck specimen.

727 1888 GEM BRILLIANT UNCIRCULATED (65+) Superb! Splendid prooflike surfaces which lack any but the most trivial of injuries. Every detail is boldy struck up. Fully brilliant — an exceptional cartwheel in every respect. Another of Wayne Miller's plate coins as shown on page 106 of his masterful work *An Analysis of Morgan and Peace Dollars.* A notarized statement from Lewis and Clark County, Montana, accompanies the coin. (see color photo)

728 1888-O GEM BRILLIANT UNCIRCULATED (65)

729 1888-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

730 1888-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Deep mirror surfaces with dazzling golden toning blanketing the obverse. Virtually superb and worthy of a generous bid. P.S.-the coin is also fully struck.

731 1888-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fully struck with gleaming mirror surfaces of incredible depth. The reverse nudges perfection and the obverse is only marginally inferior. A beautiful example of this popular date. (see color photo)

732 1888-S GEM BRILLIANT UNCIRCULATED (65) Quite free of bagmarks, although one is ill-placed upon the eagle's breast.

733 1888-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Deep mirrors. The clusters of die scratches on the obverse should not be confused with hairlines.

734 1888-S GEM BRILLIANT UNCIRCULATED (65+) Prooflike. Superb! Gleaming, purely reflective surfaces.

735 1889 BRILLIANT UNCIRCULATED (60) Prooflike.

736 1889 GEM BRILLIANT UNCIRCULATED (65+) Superb! Semi-prooflike.

737 1889 GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike, and very scarce as such. Excellent, deep mirror surfaces. A premium example. (see color photo)

738 1889-O GEM BRILLIANT UNCIRCULATED (65) Fully struck.

739 1889-O GEM BRILLIANT UNCIRCULATED (65) Full strike.

740 1889-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Some cameo effect, especially on the obverse. No serious marks. Scarce and desirable. (see color photo)

741 1889-S CHOICE BRILLIANT UNCIRCULATED (60+) Semi-prooflike. The obverse is nearly superb (it would be were it not for a milling mark near the first star). The reverse is peppered with tiny contact marks.

742 1889-S CHOICE BRILLIANT UNCIRCULATED (60+) A virtual gem.

743 1889-S GEM BRILLIANT UNCIRCULATED (65) Fully struck and frosty.

744 1889-S GEM BRILLIANT UNCIRCULATED (65) Prooflike obverse, with outstanding deep mirror fields. The reverse is semi-prooflike. Well struck and quite attractive.

745 1889-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Sparkling, semi-prooflike surfaces.

746 1889-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Glimmering, prooflike surfaces covered with russet, aqua and golden toning. Scarcely a mark of even microscopic magnitude can be found. (see color photo)

The color plate for Morgan Dollars is located on page 22

747 1889-CC BRILLIANT UNCIRCULATED (60) Prooflike. Fully struck. No unsightly marks, and Liberty's cheek is especially clean. A light halo of friction is evident upon the left obverse field. Some hazy, opaque staining covers about one fourth of the reverse, and a few small patches can be seen on the obverse. This may be residue from an old dipping. Definitely mint state, and one of the most highly sought rarities in the entire series as such. (see color photo)

748 1889-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike. Shimmering, entirely reflective fields. the lack of serious marks and the general appeal of this example's appearance should assure a winning bid in the upper four figure range. (see color photo)

749 1890-O GEM BRILLIANT UNCIRCULATED (65) Well struck for this infamously weak issue.

750 1890-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Nice reflective surfaces; fully struck. A thin, straight scratch on Liberty's cheek.

751 1890-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fully struck, with sharp breast feathers and complete detail on the hair above Liberty's ear. Mirror surfaces. (see color photo)

752 1890-S BRILLIANT UNCIRCULATED (60)

753 1890-S GEM BRILLIANT UNCIRCULATED (65) Prooflike.

754 1890-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. The reverse is near MS70, with a sharp and beautifully frosted eagle. A splendid specimen.

755 1890-CC CHOICE BRILLIANT UNCIRCULATED (60+) VAM 4, (Tail Bar), R-5.

756 1890-CC CHOICE BRILLIANT UNCIRCULATED (60+) A bit dull on the obverse. Quite mark-free, however.

757 1890-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Cameo prooflike.

758 1890-CC GEM BRILLIANT UNCIRCULATED (65+) Prooflike. Deep mirrors.

(65+) Superb! Prooflike. (see color photo)

760 1890-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Cherry-picked from a group of prooflikes that surfaced about two years ago.

761 1890-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Wholly reflective mirror surfaces.

762 1891 CHOICE BRILLIANT UNCIRCULATED (60+) Above average strike.

763 1891 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fully struck. Quite scarce, as consistently high auction records indicate.

764 1891 GEM BRILLIANT UNCIRCULATED (65) Gorgeous toning of shades reminiscent of a canyon sunset. Virtually fully struck.

765 1891 GEM BRILLIANT UNCIRCULATED (65+) Superb! To call the surfaces on this piece merely "prooflike" would be an understatement. Never before has this cataloguer seen an 1891 with such intense, deeply mirrored surfaces. Nearly a full strike, with only a hint of softness above Liberty's ear. A prize acquisition for the serious prooflike collector. (see color photo)

766 1891-O CHOICE BRILLIANT UNCIRCULATED (60+) Well struck for this issue.

767 1891-O GEM BRILLIANT UNCIRCULATED (65) Full strike. Quite frosty. A normal number of contact marks. (see color photo)

768 1891-O GEM BRILLIANT UNCIRCULATED (65) A strike superior to over 95% of the other coins of this issue, albeit not quite full. No serious marks at all, and the pleasing surfaces are further enhanced by the barest hint of golden toning. An eminently collectible example.

769 1891-S CHOICE BRILLIANT UNCIRCULATED (60+) Sharply struck but too many bag marks for gem.

770 1891-S GEM BRILLIANT UNCIRCULATED (65) Attractive golden toning. Fully struck. (see color photo)

771 1891-S GEM BRILLIANT UNCIRCULATED (65) Prooflike.

772 1891-S GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Dazzling surfaces.

773 1891-CC GEM BRILLIANT UNCIRCULATED (65) Gorgeously toned — in fact, one of the prettiest reverses of any Morgan we've offered. Only a single milling mark on Liberty's chin prevents a superb classification.

774 1891-CC GEM BRILLIANT UNCIRCULATED (65) Brilliant and well struck.

775 1891-CC GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. This is a very underrated date in this condition. Hardly ever can a specimen be found with such deep mirror fields and beautifully frosted devices. Plus, it is fully struck! Sure to generate considerable interest. (see color photo)

776 1892 BRILLIANT UNCIRCULATED (60) Prooflike. Mirror surfaces which magnify the minor friction marks. Scarce and very desirable.

777 1892 CHOICE BRILLIANT UNCIRCULATED (60+) Unusually sharp.

778 1892 GEM BRILLIANT UNCIRCULATED (65) A frosty, fully struck specimen.

779 1892 PROOF (60) Beautiful multi-colored toning partially conceals light hairlines and a few small signs of contact with other coins. Fully struck (many proofs of this date aren't), with a complete wire rim.

780 1892-O CHOICE BRILLIANT UNCIRCULATED (60+) Typical strike. One small obverse edge nick.

781 1892-O CHOICE BRILLIANT UNCIRCULATED (60+) Free of serious marks. Slightly above average strike.

782 1892-O GEM BRILLIANT UNCIRCULATED (65) Fully struck! Dabs of golden toning increase the overall attractiveness. A proud addition to any set.

783 1892-S BRILLIANT UNCIRCULATED (60) Fully struck. Lustrous, nearly fully so. A pleasing substitute for a gem, and for thousands of dollars less.

The color plate for Morgan Dollars is located on page 27

784 1892-CC BRILLIANT UNCIRCULATED (60) A bit scuffy.

785 1892-CC CHOICE BRILLIANT UNCIRCULATED (60+) Semi-prooflike. Well struck.

786 1892-CC CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck. A virtual gem.

787 1892-CC GEM BRILLIANT UNCIRCULATED (65) Nicely struck.

788 1892-CC GEM BRILLIANT UNCIRCULATED (65) Essentially superb. The GSA's planned sale of the remaining government-owned Carson City Dollars will no doubt assure continued interest in these historic coins. No 1892-CC's were included in the government holdings. (see color photo)

789 1892-CC GEM BRILLIANT UNCIRCULATED (65) Cameo prooflike. Exciting contrast between fields and devices. Fully struck; singularly attractive. (see color photo)

790 1893 GEM BRILLIANT UNCIRCULATED (65) Fully brilliant and completely struck up.

791 1893 GEM BRILLIANT UNCIRCULATED (65) Free of serious marks. Worthy of a premium bid. (see color photo)

792 1893-CC CHOICE BRILLIANT UNCIRCULATED (60+) Typical, or a bit better, strike. Nice luster and surfaces. One shallow cut on Liberty's chin. (see color photo)

793 1893-CC GEM BRILLIANT UNCIRCULATED (65) Gleaming, semi-prooflike fields. An abundance of luster springs from the frosty devices. Not quite fully struck, but nonetheless one of the more attractive examples of this issue we have offered. No serious marks whatsoever. (see color photo)

794 1893-CC GEM BRILLIANT UNCIRCULATED (65) Prooflike. The strike is similar to that of the preceding two lots — not full, yet better than many. Prooflikes of this date are almost invariably weakly struck. This specimen is very lustrous and free of detracting marks. Some light golden toning enhances the overall appearance and bespeaks the coin's originality.

795 1894 VERY FINE/EXTREMELY FINE (35+)

796 1894 CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck, with needle-sharp detail. No major marks. A virtual gem that is admissible to any gem collection.

797 1894-O CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck, a prohibitive quality for this particular date and mint. That attribute, plus the lack of any serious bagmarks, should enable this lustrous specimen to fetch near a full gem's price.

798 1894-S GEM BRILLIANT UNCIRCULATED (65) Typical strike; above average surfaces. A nice mint state example of this rare issue.

799 1894-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fully struck. Scarce and in demand; should fetch near a four figure bid.

800 1894-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Excellent strike, with nice reflective surfaces. (see color photo)

801 1894-S GEM BRILLIANT UNCIRCULATED (65) An unprecedented third prooflike example, also well struck. The presence of three prooflike 1894-S's in one sale is a tribute to the quality of dollars our sales attract. Interest in the denomination has been so brisk that three dozen examples could not satisfy the demand! (see color photo)

802 1895-O EXTREMELY FINE (45)

803 1895-O ALMOST UNCIRCULATED (50) Popular in this grade, as uncirculated specimens have virtually disappeared from the marketplace.

804 1895-O ALMOST UNCIRCULATED (50)

805 1895-O ALMOST UNCIRCULATED (50) Fully struck.

806 1895-O CHOICE ALMOST UNCIRCULATED (50+) Hairlined from an old cleaning.

807 1895-S EXTREMELY FINE (40) Deeply toned. Light, old scratch on Liberty's cheek.

808 1895-S EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Elusive grade.

809 1895-S CHOICE ALMOST UNCIRCULATED (55+) A nice, barely circulated coin. Scarce, if not rare in this grade.

810 1896 GEM BRILLIANT UNCIRCULATED (65)

811 1896 GEM BRILLIANT UNCIRCULATED (65) Prooflike.

812 1896 GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Shimmering, mirror surfaces. A pristine specimen worthy of a generous bid.

813 1896-O CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck, an important factor to consider when calculating a bit on a coin of this issue. Lustrous, and generally quite attractive.

814 1896-O CHOICE BRILLIANT UNCIRCULATED (60+) Exceptionally lustrous and well struck for the date. A virtual gem that would grace any collection. (see color photo)

815 1896-O CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck and lustrous.

816 1896-S GEM BRILLIANT UNCIRCULATED (65) Somewhat semi-prooflike. Fully struck. A few normal contact marks, but all are tiny and unobtrusive. An excellent, brilliant example. (see color photo)

817 1897 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fathomlessly deep mirror surfaces. Superb, were it not for a small planchet chip beneath the "M" of "AMERICA" on the reverse.

818 1897 GEM BRILLIANT UNCIRCULATED (65) Prooflike. Mirror fields.

819 1897 GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Lovely, light violet toning evenly dispersed atop shimmering, mirrorlike surfaces. Sharp and attractive; worthy of a generous bid.

820 1897-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Deep mirror surfaces.

821 1897-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Cameo prooflike.

822 1898 GEM BRILLIANT UNCIRCULATED (65) Prooflike. (see color photo)

823 1898 GEM BRILLIANT UNCIRCULATED (65) Close to superb quality.

824 1898-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

825 1898-S GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike. Fully struck. A minor milling mark on Liberty's head.

826 1898-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Purely reflective. (see color photo)

827 1898-S GEM BRILLIANT UNCIRCULATED (65+) Superb! A fully struck, brilliant prooflike example. Exceptionally mark free fields.

828 1899 CHOICE BRILLIANT UNCIRCULATED (60+)

829 1899 GEM BRILLIANT UNCIRCULATED (65) Of premium stock.

830 1899 GEM BRILLIANT UNCIRCULATED (65) The fields on this example are so deeply mirrored that an honest difference of opinion concerning its business strike versus proof status may occur from time to time. Its strike is also suggestive of a proof. However the rim and reeding are non-proof, and this date is relatively often seen with very deep mirror surfaces. There are a few marks on Liberty's cheek and a scrape on the eagle's breast but the fields are virtually flawless. An interesting specimen.

831 1899 GEM BRILLIANT UNCIRCULATED (65+) Superb! Exquisite toning on semi-prooflike surfaces. It is unusual to locate this date with such vivid, natural toning — probably because most have been stored in roll quantities over the years. This piece has obviously been collected individually for decades, as the myriad of colors evenly cover both obverse and reverse, and the lack of marks indicates meticulous care. This distinguished example should fetch a handsome price. (see color photo)

832 1899-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully brilliant-no toning, yet never dipped or cleaned.

833 1899-O GEM BRILLIANT UNCIRCULATED (65+) Some of the nicest Dollars in existence are 1899-O's. If an MS70 Morgan exists, it may well bear this date and mintmark. While not perfect, this presently offered specimen epitomizes the word "Superb!" The impeccable surfaces and luscious golden toning make it a one-in-a-million Morgan. (see color photo)

834 1899-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Brilliant prooflike. A breathtaking example. Warning: viewing the reverse of this coin may cause addiction to prooflike Morgan Dollars of supreme quality.

835 1899-S GEM BRILLIANT UNCIRCULATED (65)

836 1899-S GEM BRILLIANT UNCIRCULATED (65) Light golden toning.

837 1899-S GEM BRILLIANT UNCIRCULATED (65) Brilliant prooflike.

838 1899-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully struck. The pristine surfaces are remarkably void of any but the most trivial of imperfections. A nuance of toning verifies the coin's originality. A prize for the connoiseur. (see color photo)

839 1899-S GEM BRILLIANT UNCIRCULATED (65+) Superb! This glittering example has all the attributes of the previous lot, plus prooflike surfaces! Certain to require a healthy winnning bid. (see color photo)

840 1900 GEM BRILLIANT UNCIRCULATED (65) Brilliant prooflike. Scarce.

841 1900 GEM BRILLIANT UNCIRCULATED (65+) Superb! Light lavender and golden toning.

842 1900-O GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike.

843 1900-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Semi-prooflike.

844 1900-O/CC GEM BRILLIANT UNCIRCULATED (65) VAM 11, (O over CC), R-4.

845 1900-O/CC GEM BRILLIANT UNCIRCULATED (65) Scant, but unmistakable, overmintmark.

846 1900-S CHOICE BRILLIANT UNCIRCULATED (60+)

847 1900-S GEM BRILLIANT UNCIRCULATED (65)

848 1900-S GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike.

849 1900-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Full mirrors, but the luster is just a smidgen away from full.

850 1900-S GEM BRILLIANT UNCIRCULATED (65) Prooflike. Fully struck. (see color photo)

851 1901 BRILLIANT UNCIRCULATED (60) Nice strike and luster for this date. A few light marks on the face prohibit a choice label.

852 1901 GEM BRILLIANT UNCIRCULATED (65) This coin is an exception to the norm for this date-it is not lackluster, it is not weakly struck, and it does not exhibit unsightly ripples of uneven metal flow. A date for which the demand for gem specimens far exceeds the supply. (see color photo)

853 1901 PROOF (60) A carelessly handled proof. There are some light scratches between Liberty's chin and the first star, and a cluster surrounding the "9" of the date. A small milling mark is located at the corner of Liberty's mouth. The reverse is more fortunate, with but a single cut beneath the "T" of "STATES". Artifically toned, but the original proof brilliance remains, and is the coin's main redeeming factor.

854 1901-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

855 1901-O GEM BRILLIANT UNCIRCULATED (65) Prooflike. Nearly superb, as there are no mentionable flaws on the mirror surfaces. The strike is full.

856 1901-O GEM BRILLIANT UNCIRCULATED (65+) Superb! This example is neither prooflike nor gorgeously toned, but it is fully struck and refreshingly free of annoying marks.

857 1901-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Outstanding in every category — strike, surfaces, and luster. This coin traces its pedigree to numismatist Wayne Miller who used it as a plate coin in his reference work: *An Analysis of Morgan And Peace Dollars.* Included is a certified document attesting to this fact.

858 1901-S GEM BRILLIANT UNCIRCULATED (65) Fully struck.

859 1901-S GEM BRILLIANT UNCIRCULATED (65) Fully struck.

860 1901-S GEM BRILLIANT UNCIRCULATED (65) Sharp strike.

861 1901-S GEM BRILLIANT UNCIRCULATED (65) Well struck, with beautiful golden surfaces edged by a circle of russet and aqua. Practically mark free. (see color photo)

862 1901-S GEM BRILLIANT UNCIRCULATED (65) Brilliant prooflike. With the exception of a possibly unique cameo prooflike sold last year by private transaction, prooflike 1901-S Dollars seen by this cataloguer have been unanimously weakly struck — until this specimen was consigned. It is razor sharp, and is also void of serious marks. This lot represents a very important opportunity for the quality conscious prooflike Dollar collector. (see color photo)

863 1902 GEM BRILLIANT UNCIRCULATED (65)

864 1902 GEM BRILLIANT UNCIRCULATED (65)

865 1902-S GEM BRILLIANT UNCIRCULATED (65) Splashes of golden toning.

866 1902-S GEM BRILLIANT UNCIRCULATED (65) Fully struck, with excellent luster.

867 1902-S GEM BRILLIANT UNCIRCULATED (65) A pleasing example that is fully struck. (It is indeed a rare pleasure to offer five 1902-S Dollars, and not have even one weak strike among them!)

868 1902-S GEM BRILLIANT UNCIRCULATED (65) Lovely peripheral toning. A premium quality example that just misses a superb classification. (see color photo)

869 1902-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Undoubtedly one of the finest known. Fully struck. The surfaces are as smooth and reflective as a new plate glass window. The main devices — the eagle and Ms. Liberty — are virtually perfect. The light, even golden-violet tone is the finishing touch to this numismatic masterpiece. This coin may well bring the first four-figure bids for an example of this date. (see color photo)

870 1903 GEM BRILLIANT UNCIRCULATED (65) Nicely toned. The reverse is superb; the oberse very nearly so.

871 1903 GEM BRILLIANT UNCIRCULATED (65+) Superb! Beautiful golden toning of medium density.

872 1903 GEM BRILLIANT UNCIRCULATED (65+) Superb! Another nicely toned example. (see color photo)

873 1903-O CHOICE BRILLIANT UNCIRCULATED (60+) A light scrape is camouflaged in Liberty's hair.

874 1903-O GEM BRILLIANT UNCIRCULATED (65)

875 1903-O GEM BRILLIANT UNCIRCULATED (65) A sparkling, prooflike representative of this popular date.

876 1903-S GEM BRILLIANT UNCIRCULATED (65) Fully struck, with beautiful golden toning. Problem free and quite attractive. One of the most valuable coins in the series in this condition. A bid of over three thousand dollars may be necessary to win it. (see color photo)

877 1904 GEM BRILLIANT UNCIRCULATED (65) Brilliant.

878 1904 GEM BRILLIANT UNCIRCULATED (65) Golden obverse toning. Fully struck. The slight scratch across the eagle's left wingtip is scarcely mentionable.

879 1904 GEM BRILLIANT UNCIRCULATED (65) Sharp strike.

880 1904 GEM BRILLIANT UNCIRCULATED (65) Well struck — in fact, quite exceptionally so. Light, natural toning. A premium example.

881 1904 GEM BRILLIANT UNCIRCULATED (65) Nicely toned and fully struck. Virtually superb. (see color photo)

882 1904 GEM BRILLIANT UNCIRCULATED (65+) Superb! If not the best, certainly the most spectacular 1904 we've seen! Surrealistic toning of numerous hues adorns both sides, but is not so dense as to obscure either the radiant luster or excellent surfaces. Since this date is rare with prooflike properties, this coin's tendency toward semi-prooflike quality should be mentioned. (see color photo)

883 1904-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.

884 1904-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike. Deep mirror fields.

885 1904-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Ranks among the best of the many superb Morgans we have had the privilege to offer over the last three years. The lovely magenta fields and the golden devices lend a different and beautiful cameo effect to this non-prooflike specimen. (see color photo)

886 1904-S GEM BRILLIANT UNCIRCULATED (65) Well struck and fully brilliant.

887 1904-S GEM BRILLIANT UNCIRCULATED (65) This sparkling, semi-prooflike beauty is on the verge of qualifying as superb. Fully struck. An especially warm and pleasant coin. (see color photo)

888 1904-S GEM BRILLIANT UNCIRCULATED (65) This fully struck, frosty piece was utilized as Wayne Miller's plate coin on page 162 of *An Analysis of Morgan And Peace Dollars.* The new owner of this treasure will receive the accompanying notarized document attesting to the coin's usage in Miller's book. (see color photo)

889 1921 GEM BRILLIANT UNCIRCULATED (65+) Superb! This stunning coin has a combination of qualities unheard of for this date. The color, luster, strike and surfaces are all impeccable. What an unappreciated rarity! The novice may think the winning bid is ludicrous, but the initiated Morgan collector will consider it justified. (see color photo)

890 1921-D CHOICE BRILLIANT UNCIRCULATED (60+)

891 1921-D CHOICE BRILLIANT UNCIRCULATED (60+) Semi-prooflike, and quite scarce as such.

The color plate for Morgan Dollars-Commemorative Silver is located on page 34

892 1921-D GEM BRILLIANT UNCIRCULATED (65) Semi-prooflike.

893 1921-S GEM BRILLIANT UNCIRCULATED (65) Prooflike! Gray brilliant surfaces. Surprisingly, the strike is virtually full. Of immense importance. Some experts rank this date in the top five rarest Morgan Dollars in prooflike. The appearance of this problem-free example offers an opportunity that may not be soon repeated.

899 1922 GEM BRILLIANT UNCIRCULATED (65+) Superb! Lilac toning.

900 1922 GEM BRILLIANT UNCIRCULATED (65+) Superb! The obverse of this pristine specimen is as close to perfection as that on any other common date Peace Dollar we have ever seen. It is fully brilliant and, incredibly, virtually void of bagmarks. A fantastic type coin.

901 1922-D GEM BRILLIANT UNCIRCULATED (65+) Superb! Glorious toning of innumerable shades. Immaculate surfaces and radiant luster. A noble and majestic specimen that is sure to create considerable interest.

902 1922-D GEM BRILLIANT UNCIRCULATED (65+) Superb! Frosty and fully struck. This is another of Wayne Miller's plate coins, shown on page 172 of *An Analysis of Morgan And Peace Dollars.* It is accompanied by a notarized statement certifying this fact.

903 1922-S GEM BRILLIANT UNCIRCULATED (65) Fully struck.

904 1922-S GEM BRILLIANT UNCIRCULATED (65) Prooflike reverse. Fully struck. A small milling mark rests on the bridge of Liberty's nose. A Peace Dollar is rare with any prooflike surfaces at all.

905 1923 GEM BRILLIANT UNCIRCULATED (65+) Superb! Streaks of colorful toning are dashed across the virginal surfaces. Supremely well struck.

906 1923-D GEM BRILLIANT UNCIRCULATED (65) Full strike.

911 1924 GEM BRILLIANT UNCIRCULATED (65+) Superb! Matchless satiny surfaces. Exuberant mint frost. Diligent searching and unlimited funds would not guarantee the location of a finer specimen. Easily worth a three figure bid.

912 1924-S CHOICE BRILLIANT UNCIRCULATED (60+)

913 1924-S CHOICE BRILLIANT UNCIRCULATED (60+) Well struck.

914 1924-S GEM BRILLIANT UNCIRCULATED (65)

964 1920 Pilgrim GEM BRILLIANT UNCIRCULATED (65+) Superb! Fully struck. The peerless surfaces are rippling with mint luster. Irreplaceable quality. As James Iacovo states in his new book *A Comprehensive Guide to U.S. Commemorative Coins,* ". . . expect superb quality commems to be the best investment." (see color photo)

965 1937 Roanoke GEM BRILLIANT UNCIRCULATED (65) The first of two quality specimens. (see color photo)

981 1916 McKinley One Dollar Gold GEM BRILLIANT UNCIRCULATED (65)

983 1926 Sesquicentennial Quarter Eagle GEM BRILLIANT UNCIRCULATED (65)

GOLD DOLLARS

984 1851-C ALMOST UNCIRCULATED (50) Sharp and lustrous. Struck on an excellent planchet. One tiny obverse rim nick, but, overall, an unusually problem-free example. (see color photo)

985 1853 BRILLIANT UNCIRCULATED (60) Well struck. Many interesting die breaks amidst the obverse stars.

986 1853 CHOICE BRILLIANT UNCIRCULATED (60+) Lustrous, with light, natural toning. A beautiful, yet affordable, gold type coin.

987 1853 GEM BRILLIANT UNCIRCULATED (65) Fully struck. Gorgeous luster. A premium type coin. (see color photo)

988 1854 Type 2 CHOICE ALMOST UNCIRCULATED (55+) Exceptionally well struck, with a strong, complete date. This piece must have been an early strike, for there is no evidence of clashed dies. Both the luster and surfaces are very nice. Just a touch of rub away from mint state and a price tag of several thousands of dollars. (see color photo)

989 1855 Type 2 EXTREMELY FINE (40) Almost imperceptibly bent.

990 1855 Type 2 EXTREMELY FINE (45) Sharp.

991 1856 Slanting Five EXTREMELY FINE/ALMOST UNCIRCULATED (45+) An elusive grade.

992 1856 Upright Five CHOICE ALMOST UNCIRCULATED (50+) Scarce variety, always of interest to the advanced collector.

993 1857-C CHOICE ALMOST UNCIRCULATED (55) The sharpest example of this issue seen, and struck on the finest planchet. A very special coin, for, as David Akers states in his authoritative work on Gold Dollars: "The planchets used for striking 1857-C Gold Dollars were downright atrocious, as was the quality of minting. Even the best available specimens look terrible . . ." Please do not infer from our description that this piece looks like a choice common date from the Philadelphia Mint - it does not. It does, however, exhibit full details on the princess' headdress and hair curls, and a complete wreath. For the collector who is, or believes he ever may be, ambitious to complete either a collection of Gold Dollars or a set of Charlotte coinage, this lot may well represent a once in a lifetime opportunity. (see color photo)

994 1858 CHOICE BRILLIANT UNCIRCULATED (60+) Easily a gem were it not for a couple of tiny reverse rim nicks. Scarce as a date. (see color photo)

995 1870 GEM BRILLIANT UNCIRCULATED (65) Quite scarce. One hundred percent fully struck, with glittering, unimpaired, semi-prooflike surfaces. Should bring multiples of the price of a common date. (see color photo)

996 1885 CHOICE ALMOST UNCIRCULATED (55+) Coppery toning.

QUARTER EAGLES

997 1805 CHOICE ALMOST UNCIRCULATED (50+) Actually very, very close to mint state. Lustrous; well struck for the type. One of the most difficult of all early gold type coins. Keep in mind, also, that, although it will probably be collected as a type coin, it is scarce as a date. Another bonus is its lack of adjustment marks. A pleasing and gratifying example. (see color photo)

998 1839-C EXTREMELY FINE (45) Two tiny obverse pinholes. Popular obverse mintmark. (see color photo)

999 1843-D VERY FINE (20) Better by degree of wear, but two light reverse scratches detract. (see color photo)

1000 1852 ALMOST UNCIRCULATED (50)

1001 1860-S ALMOST UNCIRCULATED (50) Scarce. Formerly lot 1398 in the 1975 ANA Sale, where it brought $245.00.

1002 1878-S CHOICE BRILLIANT UNCIRCULATED (60+) (see color photo)

1003 1890 ALMOST UNCIRCULATED (50)

1004 1897 ALMOST UNCIRCULATED (50)

The color plate for Commemorative Gold-Half Eagles is located on page 40

Quarter Eagles (cont'd)

1005 1899 GEM PROOF (65) Superb, save for an unobtrusive edge nick at five o'clock on the reverse. Gorgeous cameo effect, with yellow gold devices surrounded by rich, deep mirror fields. A beautiful coin whose exquisite quality is apparent the moment it is looked upon. (see color photo)

1006 1903 GEM BRILLIANT UNCIRCULATED (65) Sharp. Excellent for type.

1007 1904 GEM BRILLIANT UNCIRCULATED (65) A pristine example. (see color photo)

1008 1908 CHOICE BRILLIANT UNCIRCULATED (60+) A virtual gem. The usual softness on the eagle's upper wing. Light toning. (see color photo)

1009 1908 GEM BRILLIANT UNCIRCULATED (65) Much sharper than average. Fully lustrous and attractive in every respect. Scarce date.

1010 1908 GEM BRILLIANT UNCIRCULATED (65+) Superb! A near perfect example of this semi-key member of this widely collected series. (see color photo)

1011 1908 GEM BRILLIANT UNCIRCULATED (65+) Superb! Well struck. Another excellent example of this first year of type coin.

1012 1910 GEM BRILLIANT UNCIRCULATED (65) Perhaps the most underrated member of the series. We have offered more mint state 1911-D's than examples of this date. Please do not consider this lot if you seek a type coin. Although this fully struck, lustrous specimen would serve well in a type collection, its price may not prove to be practical. (see color photo)

1013 1912 GEM BRILLIANT UNCIRCULATED (65) Lovely, light rose toning.

1014 1914-D GEM BRILLIANT UNCIRCULATED (65) Fully struck. Attractive copper toning.

1015 1914-D GEM BRILLIANT UNCIRCULATED (65) Sharp, with attractive toning. (see color photo)

1016 1915 GEM BRILLIANT UNCIRCULATED (65) A nice, fully lustrous "early" Indian Quarter Eagle. Fully struck as well.

1017 1915 GEM BRILLIANT UNCIRCULATED (65+) Superb! Near perfection. Quality gold coins such as this jewel are rapidly disappearing from the marketplace. (see color photo)

1018 1925-D GEM BRILLIANT UNCIRCULATED (65) Full strike. Intense luster. Especially nice for this often poorly minted date. (see color photo)

1019 1926 GEM BRILLIANT UNCIRCULATED (65) Virtually superb, with russet toning. Razor sharp.

1020 1926 GEM BRILLIANT UNCIRCULATED (65) Excellent for type.

1021 1926 GEM BRILLIANT UNCIRCULATED (65+) Superb! For a premier type set. (see color photo)

1022 1927 GEM BRILLIANT UNCIRCULATED (65) Another in a series of nice type coins.

1023 1927 GEM BRILLIANT UNCIRCULATED (65+) Superb! Highly lustrous and fully struck. Rich color.

1024 1927 GEM BRILLIANT UNCIRCULATED (65+) Superb! A near perfect type coin. (see color photo)

1025 1928 GEM BRILLIANT UNCIRCULATED (65) Accented by light copper toning. Quite attractive. (see color photo)

THREE DOLLAR GOLD

1026 1859 CHOICE ALMOST UNCIRCULATED (55+) Very scarce this nice. Virtually mint state, with light russet toning. Sharply struck.

1027 1867 CHOICE BRILLIANT UNCIRCULATED (60+) Prooflike. Completely struck up. Extremely scarce in mint state. This relatively expensive series is nonetheless collected by date with surprising frequency. The resultant knowledge concerning the rarity of individual dates has shown that 1867 is one of the most highly respected dates. This sparkling example should easily exceed its Guide book valuation in MS60 of $2,000.00. (see color photo)

1028 1868 CHOICE ALMOST UNCIRCULATED (55+) Virtually mint state. Pleasant and problem free, with frosty surfaces. (see color photo)

1029 1872 CHOICE ALMOST UNCIRCULATED (50+) Prooflike. Alluring reflective surfaces. Scarce.

1030 1878 CHOICE BRILLIANT UNCIRCULATED (60+) A nice type coin. (see color photo)

HALF EAGLES

1031 1795 ALMOST UNCIRCULATED (50) Very well struck; virtually no adjustment marks. Excellent color, surfaces and detail. A very historic coin, as the 1795 Half Eagle was the first gold coin authorized and struck by the U.S. Government. This pleasant example would grace any cabinet. (see color photo)

1032 1803/2 ALMOST UNCIRCULATED (50) Sharp and lustrous, with pleasing satin surfaces. The boldest overdate we've seen for this issue. (see color photo)

1033 1810 ALMOST UNCIRCULATED (50) A beautiful type coin with an enchanting hint of coppery toning. Sharp and lustrous. (see color photo)

1034 1811 GEM BRILLIANT UNCIRCULATED (65) Rich color and outstanding surfaces. A premium coin that will no doubt attract much interest. (see color photo)

1035 1837 GEM BRILLIANT UNCIRCULATED (65) An amazing coin with a double personality — one as a type coin and one as a rare date in this condition. A full five points better than the only other truly mint state example of this date seen in the last seven years. To call this date a "sleeper" would be a gross case of understatement. The type collector who bids a little extra for this date may be very handsomely rewarded for his wisdom in the future. Though not quite as pretty as the fabulous 1836 we sold last February for $9,750.00, this coin is more sharply struck and much rarer in mint state. Therefore we would not be surprised if this specimen realized a price in that range. Possibly the finest known. (see color photo)

1036 1849-C CHOICE ALMOST UNCIRCULATED (50+) Sharp and very lustrous. (see color photo)

Half Eagles (cont'd)

1037 1858-C CHOICE ALMOST UNCIRCULATED (55) Fully struck, with completely detailed eagle's talons and neck feathers. One of Charlotte's finest efforts. (see color photo)

1038 1872 CHOICE ALMOST UNCIRCULATED (55) A rare date that is virtually unobtainable in mint state. (see color photo)

1039 1879 CHOICE BRILLIANT UNCIRCULATED (60+)

1040 1891 BRILLIANT UNCIRCULATED (60) Low mintage.

1041 1895 CHOICE BRILLIANT UNCIRCULATED (60+)

1042 1900 GEM BRILLIANT UNCIRCULATED (65)

1043 1901 ALMOST UNCIRCULATED (50)

1044 1901 ALMOST UNCIRCULATED (50)

1045 1903-S CHOICE BRILLIANT UNCIRCULATED (60+) (see color photo)

1046 1908 Indian GEM BRILLIANT UNCIRCULATED (65) Well struck with splendid, original color. Worthy of a generous bid. (see color photo)

1047 1909 GEM BRILLIANT UNCIRCULATED (65) Lovely, light toning. An Indian Half Eagle with character.

1048 1909 GEM BRILLIANT UNCIRCULATED (65) Lustrous and wholly original. For a nice type set.

1049 1909 GEM BRILLIANT UNCIRCULATED (65) A hint of rose toning. Especially attractive. (see color photo)

1050 1909-O VERY FINE (20) Weak, but unmistakable, mintmark.

1051 1909-D GEM BRILLIANT UNCIRCULATED (65) Excellent for type. (see color photo)

1052 1911-D EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Scarce.

1053 1911-S CHOICE BRILLIANT UNCIRCULATED (60+) Exceptionally well struck for any San Francisco coin of this type. Full, sharp mintmark. Prohibitively rare in mint state. Sure to bring a price commensurate with its desirability. (see color photo)

1054 1912 CHOICE BRILLIANT UNCIRCULATED (60+)

1055 1913-S CHOICE ALMOST UNCIRCULATED (55) Full feathers atop the eagle's wing. This near mint state example is probably among the top two or three dozen known. (see color photo)

1056 1914 GEM BRILLIANT UNCIRCULATED (65+) Superb! Two other superb Indian Fives, one 1909 and one 1912, have sold for well over the thousand dollar mark in our past auctions. The 1914 offered here is considerably rarer than either of those dates, and we would not be surprised if it also surpasses the three figure level. (see color photo)

1057 1915 EXTREMELY FINE/ALMOST UNCIRCULATED (45+)

1058 1916-S BRILLIANT UNCIRCULATED (60) Rare in mint state. Lustrous, with many tiny bagmarks. (see color photo)

1059 1916-S GEM BRILLIANT UNCIRCULATED (65) Surely one of the finest known of this rare issue. Fully struck, with glittering surfaces that lack any mentionable marks. High auction records. Twentieth Century U.S. gold series are receiving more attention than ever before, and coins such as this will be increasingly in demand in the future. (see color photo)

EAGLES

1060 1795 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) It is a privilege to offer this important coin through this catalogue. Besides a mint state example that changed hands last year at a reported $38,500.00, we have not seen a clearly superior specimen to this one in over a year. It is well struck, with a sharp eagle's breast. There are, importantly, no adjustment marks. Excellent in overall appearance. (see color photo)

1061 1839 Large Letters, Type of '38 VERY FINE/EXTREMELY FINE (35+) Rich toning. A very difficult type coin. No major problems. Sure to receive much attention. (see color photo)

1062 1842 CHOICE ALMOST UNCIRCULATED (55) Lustrous, with some prooflike surfaces adhering to the devices. A beautiful No Motto Eagle. (see color photo)

1063 1851-O EXTREMELY FINE (40)

1064 1881 BRILLIANT UNCIRCULATED (60)

1065 1891-CC EXTREMELY FINE/ALMOST UNCIRCULATED (45+)

1066 1893-O CHOICE BRILLIANT UNCIRCULATED (60+) Any New Orleans gold coin in mint state is scarce. This virtual gem is sharply struck and fully lustrous. (see color photo)

1067 1895 GEM BRILLIANT UNCIRCULATED (65) Nearly superb. (see color photo)

1068 1901 BRILLIANT UNCIRCULATED (60)

1069 1901 BRILLIANT UNCIRCULATED (60)

1070 1906-D BRILLIANT UNCIRCULATED (60) Scarce.

1071 1907 Indian CHOICE ALMOST UNCIRCULATED (50+)

1072 1908-S EXTREMELY FINE (40) Considerable luster remains.

1073 1910 BRILLIANT UNCIRCULATED (60)

1074 1910-D GEM BRILLIANT UNCIRCULATED (65) Fully struck with handsome surfaces and color. No serious marks whatsoever. Ideal for that type set. (see color photo)

1075 1910-S ALMOST UNCIRCULATED (50)

1076 1910-S ALMOST UNCIRCULATED (50) Sharper than the preceding lot. Quite lustrous.

1077 1910-S BRILLIANT UNCIRCULATED (60) Well struck. Scarce in mint state. (see color photo)

1078 1911 GEM BRILLIANT UNCIRCULATED (65) Fully struck; wholly lustrous. A light halo of rose toning. (see color photo)

The color plate for Half Eagles-Double Eagles is located on page 41

1079 1911-D ALMOST UNCIRCULATED (50) Scarce in high grades. Seldom available any nicer. Practically void of marks — just rubbed on the high points. (see color photo)

1080 1914 GEM BRILLIANT UNCIRCULATED (65+) Superb! Nearly as nice as the 1913 that brought $2,700.00 in our Kerr Sale (February, 1979). Scarce as a date, but more than likely destined for an elite type set. (see color photo)

1081 1914-D ALMOST UNCIRCULATED (50)

1082 1932 GEM BRILLIANT UNCIRCULATED (65+) Superb! Fantastic color. Fully struck. A supreme type coin. (see color photo)

DOUBLE EAGLES

1083 1857-O EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Lustrous. Remarkably free of the heavy bagmarks that often plague the surfaces of Double Eagles. Well struck. Rare, with a mintage of only 30,000. While a technically higher grade specimen may be found now and then, it would be unusual to locate a more pleasing one. Should exceed the EF listing of $1,150.00. (see color photo)

1084 1868-S CHOICE ALMOST UNCIRCULATED (55) Scarce. A fully mint state example cannot be recalled.

1085 1870-S GEM BRILLIANT UNCIRCULATED (65) Well struck, with splendid color. The reverse is superb. Unquestionably one of the finest known. Should inspire spirited bidding. (see color photo)

1086 1871-S CHOICE ALMOST UNCIRCULATED (55) Quite close to mint state.

1087 1873 BRILLIANT UNCIRCULATED (60)

1088 1875-CC CHOICE BRILLIANT UNCIRCULATED (60+) Rich color and a decent strike are two attributes of this virtual gem. (see color photo)

1089 1878 BRILLIANT UNCIRCULATED (60)

1090 1884-CC CHOICE BRILLIANT UNCIRCULATED (60+) Sharp and very lustrous. An excellent Carson City representative. (see color photo)

1091 1887-S ALMOST UNCIRCULATED (50)

1092 1889-CC GEM BRILLIANT UNCIRCULATED (65) If not the finest, then certainly one of the most attractive CC Double Eagle's we've seen of any date. The reverse is superb. The surfaces are fully lustrous and enhanced by light rose toning. Rare and desirable. (see color photo)

1093 1890-CC BRILLIANT UNCIRCULATED (60) Some of the stars are not fully struck up. Otherwise, a choice, lustrous example.

1094 1892 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) The last rarity, chronologically speaking, in a series replete with rarities. Sharp and lustrous. Some prooflike surface remains about the stars and devices. (see color photo)

1095 1892-CC VERY FINE (25) Burnished.

1096 1893-CC GEM BRILLIANT UNCIRCULATED (65+) Superb! A splendid coin that exhibits smooth, satiny surfaces. Fully struck. Worth double the Guidebook listing for MS60. The last year of the Carson City Mint. A coin of exceptional quality, and one that will always be in great demand. (see color photo)

1097 1896 GEM BRILLIANT UNCIRCULATED (65) Scarce. Nice color. (see color photo)

1098 1900-S ALMOST UNCIRCULATED (50)

1099 1900-S GEM BRILLIANT UNCIRCULATED (65)

1100 1901 BRILLIANT UNCIRCULATED (60)

1101 1907-D CHOICE BRILLIANT UNCIRCULATED (60+)

1102 1907 High Relief GEM BRILLIANT UNCIRCULATED (65) Flat edge. Equal to our Kerr specimen at $7,250.00. Gorgeous color. A beautiful depiction of this impressive design. While it is incidental to the coin's value, we might mention that flat edges appear much less frequently than wire edges. Gem High reliefs seem inexorably destined to be solid five figure items. (see color photo)

1103 1908 No Motto CHOICE BRILLIANT UNCIRCULATED (60+)

1104 1909 GEM BRILLIANT UNCIRCULATED (65) An extremely scarce and underrated date. This sharp, lustrous and pleasing specimen is well worth a four figure bid. (see color photo)

1105 1911 CHOICE BRILLIANT UNCIRCULATED (60+) Scarce.

1106 1913-S GEM BRILLIANT UNCIRCULATED (65) Virtually superb, and very rare thus. Perhaps the most consistently bagmarked St Gaudens date. While most known specimens are in mint state, precious few escaped being badly marred while stored and transported in bags. This date has the added distinction of having the second lowest mintage of the regularly issued series (34,000). (see color photo)

The most complete authoritative reference book ever published on U.S. Commemorative Coins.

SAMPLE PAGE

In recent years, commemorative coins have generated an unpredictably high degree of interest and enthusiasm among collectors from coast to coast. They have now become a major segment of the rare coin market. Yet, until now, no complete factual work on the diverse and oftentimes intriguing world of commemorative coins has ever been compiled.

In **A Comprehensive Guide to United States Commemorative Coins**, James S. Iacovo, the nationally-known New England numismatist and recognized authority on U.S. Commemoratives, has assembled a uniquely impressive and functional ready-reference detailing the grading, scarcity and investment potential of every silver and gold U.S. Commemorative issue.

For the past two and a half years, Mr. Iacovo has undertaken the difficult and time-consuming task of preparing a book that, for the first time, defines in precise terms what constitutes MS60, MS65 and MS65+ commemorative coins. Everything is covered . . . from grading, surface peculiarities, luster and abrasions . . . to pricing, pricing premiums and pricing trends . . . to evaluations and Iacovo's special "Buying Tips" that make this such a valuable ready-reference source.

A Comprehensive Guide to United States Commemorative Coins. It is a book no numismatist should be without. And if you collect commemoratives, it is a book you cannot be without.

Only a limited number of First Edition copies are available. We are releasing them on a first come, first served basis, so be sure to order your Commemorative Guide today. The first one hundred orders will receive numbered and autographed copies. This book is only available by mail.

Steve Ivy Numismatic Auctions, Inc.

We get you the highest price for your money.

When you sell a coin, there's just one thing you want: the highest price possible.
To get the highest price possible, there's just one consistently reliable source to turn to: Steve Ivy Numismatic Auctions, Inc.
Our goal is to produce, time after time, the one thing you're interested in: the highest possible prices for your coins.
To do that, Steve Ivy Numismatic Auctions goes wherever the money is.

Through the most professional and sophisticated merchandising and advertising program in the numismatic industry.

With advertisements in Coin World, Barrons, The Wall Street Journals. Ads that reach buyers everywhere. Ads that sell your coins. Ads that increase the number of mail and floor bidders to give you the best chance of realizing the highest possible prices.

With all-color auction catalogs sent to thousands of buyers across the nation. We were the first and are still the only auction company to produce all-color catalogs. Color highlights your coins, attracts the eye of the bidder and brings out details that might pass unnoticed in a black and white catalog. Color gives your coins a much better chance of selling at the highest possible prices.

With CompuBid™, a Steve Ivy Numismatic Auctions exclusive. CompuBid™ is a highly advanced computerized innovation that allows each bidder to maximize his bidding dollars. Again, CompuBid™ is still another Steve Ivy Numismatic Auctions, Inc. feature that helps you to realize the highest possible prices for your coins.

With ads. With all-color catalogs. With new ideas like CompuBid™. With the most effective mailing list in the numismatic marketplace. Getting to the most interested buyers in the country with your coins. Because that's where the money is . . . for you and us.

Through consistent, highly comprehensive, well structured, unreserved auctions.

Many auction houses have auction sales that are glutted with multiples and are assembled in an unorganized and cluttered manner. Oftentimes, your coins are graded by several different people, thereby eliminating the consistency which is so important to a successful sale. These facts hurt your chances to compete effectively for the highest possible prices. But Steve Ivy Numismatic Auctions are managed much better. They are intentionally structured, well organized and consistently graded to create the optimum buying environment for your coins. Our auctions are realistically competitive, resulting in the highest possible prices realized for you. Our auctions are also unreserved, so more bidders will participate to give you a better chance of obtaining the highest prices possible.

At every Steve Ivy Numismatic Auction, we put competition to work for you — not against you. Because that's where the money is . . . for you and us.

Through major city auction lot displays.

In addition to showing your coins to thousands of buying eyes in our ads and all-color catalogs, Steve Ivy Numismatic Auctions puts your coins on display in at least one major coin show in a major city before they go to auction. This way, still more people will be able to see your coins, increasing the number of bids and increasing your chances of obtaining the highest prices possible.

From New York to Chicago to Dallas to Los Angeles, we show your coins in major cities. Because that's where the money is . . . for you and us.

Through short consignment cut-off dates and timely cash advances.

Because we manage our company as efficiently as we manage our auctions, and because we send all our catalogs by first class mail, we can offer you a consignment cut-off date that is very close to the date for the actual auction. And if you need money in a hurry, we'll make generous cash advances to you before we put your coins in auction. This means your coins will be in our possession for the shortest period of time, and you'll have the money to use.

Short consignment cut-off dates and cash advances. Because that's where the fastest money is . . . for you and us.

If you want the highest prices for your money, then you have to go where the money is. And the money is with us.
